## UNSCHEDULED CONCRETE POUR ON HIGHWAY

This truck, loaded with five cubic yards of cement, overturned today as it was turning from Highway 101 into Corte Madera. Dallas Bruce, 43, of San Francisco, driver for Shamrock Materials, Inc., of San Rafael, was taken to Marin General Hospital

where it was found he had suffered no fractures and needed only emergency treatment. Highway Patrolman Richard Topham, shown making report, said Bruce told him the brake failed to take effect as he applied it for the turn. (Independent-Journal photo)

## Stricken Girl Flown Here From Tahoe

A 5-year-old Marinwood girl, whose father kept her alive by mouth-to-mouth breathing, was flown to Marin General Hospital from Lake Tahoe Saturday and was in a semi-conscious state today breathing through a tube inserted in her throat.

Diane Maroni, vacationing at Tahoe about a month ago with her parents, Mr. and Mrs. Albert J. Maroni, 350 Ironstone court, was stricken with an attack of croup which blocked her breathing.

For almost a half an hour, Maroni breathed into his daughter's mouth, prolonging her life until a doctor arrived to perform an emergency operation.

According to the family phy-

sician, Dr. Arthur R. Ablin, the father had read an article on mouth-to-mouth breathing less than a month before the night the child was stricken.

The operation, known as a tracheotomy, provides an auxiliary passage below the point of obstruction in the windpipe. Through this the child can breathe.

The girl's father is an accountant with California Packing Co. in San Francisco.

Diane was met at the Novato airport by Dr. Ablin. She was flown in a plane provided by the Silver State Flying Service out of Tahoe.

For three and one-half weeks she had been in Washoe General Hospital in Reno.

## Light Showers Bring Cooler Weather Here

Light showers were general over Marin County, along with the rest of the Bay region, early today because of a layer of moist air moving up from the south during the night.

But all this was moving in a regular pattern, according to the U. S. Weather Bureau at San Francisco Airport, and afternoon was to see the last of this damp overhead blanket with dry and slightly cooler weather due for the immediate future.

The showers were reported last night down the Peninsula at Redwood City and other points. They were in evidence intermittently in the San Rafael vicinity between 7 and 8:30 a.m.

"A layer of moist air first came in over Southern California, moving over the central areas and now progressing into the northern part along with northern Nevada," said the forecaster. "Things are clearing to the south."

"The layer has been sticking to the coastal section but is now moving inland."

With clear skies, a high of around 76 degrees in San Rafael should be recorded this afternoon, according to the weather man. Yesterday's high was a scorching 94, with Saturday reaching 92.

## Slide In Larkspur Ties Up Traffic During Rush Hour

A slide of loose material at the top of a grade cut on Magnolia avenue in Larkspur at 8 a.m. today created a severe traffic tie-up during part of the early morning rush period.

A big "carryall" tractor knocked some of the dirt loose at the Bon Air road construction project, where a detour has been used since publication of a warning notice Aug. 17.

"We were afraid to let the cars go through without special care, and we tried to give the commuter buses priority," said Ronald E. Piper, Larkspur city manager.

"Cars went a few at a time but there had to be delay."

## COMIC DICTIONARY GOLD DIGGER

A woman with very simple tastes because the best of everything is good enough for her.

## CORTE MADERA AREA SPRAYED FOR 'SKEETERS

Residents of the Corte Madera area who have been plagued by a sudden invasion of mosquitoes can take heart today, according to G. Paul Jones, manager of the Marin County Mosquito Abatement District.

The catch basins around the shopping center and in the area east of Palm Hill, the happy breeding grounds for the pests during warm weather, were sprayed today in an effort to reduce the sudden increase in 'skeeter' population.

The pests are just that, Jones added, and are not the type of mosquito which carries malaria and other diseases.

## Odd Weekend Antics Land Several In Jail

A series of weird incidents broke the summer night calm and sent a half dozen participants to county jail and to the hospital during the weekend.

Among them was an airman caught driving in his pajamas, a man who fell off a horse and grappled with a doctor who arrived to help him, and a youth caught at a rock 'n' roll beach party with a 12-year-old girl companion.

An Air Force lieutenant, suspected of peering into the window of a honeymooning couple, was also arrested.

The pajama-clad driver was Herbert Kent Pendleton, 20, of the 84th Fighter Squadron at Hamilton Air Force Base. With him were another airman and two girls, aged 15, from Mill Valley.

Deputy Sheriff W. R. Bradford stopped the car about 2 a.m. today when it came off the Alto overpass headed the wrong way.

It might have been a routine check, but the driver's attire aroused the officer's suspicions. Pendleton and his companion, Joseph Thomas Mellox, 20, of the 78th Installation Squadron, were jailed on suspicion of inducing the girls to violate the curfew law. They were turned over to the Air Force. The girls were released to their parents.

At Muir Beach shortly before midnight Saturday, deputies found about 35 youngsters blasting out rock 'n' roll music from car radios as they romped about a campfire. When officers arrived, most of them scattered.

But Deputy Fredrick Marcus caught Charles H. Brown, 19,

# Marin Youth Confesses Holding Up Bank In S.F.

## Hawaii's Three New Solons Take Office

GOP Senator Wins 6-Year Term In Drawing With Demo

WASHINGTON (UPI) — The three members of Congress from the new state of Hawaii were sworn into office today. The first official act for the two new senators was to participate in a lottery.

Republican Sen. Hiram L. Fong, first man of Chinese ancestry ever to sit in the Senate, won a coin toss and a drawing to become the 50th state's "senior" senator with almost a six-year term.

### FOUR-YEAR TERM

His colleague, Democratic Sen. Oren E. Long, drew himself a four-year term.

The two new senators drew lots for the length of their terms after being sworn in as the Senate's 99th and 100th members. They could have been six, four or two years.

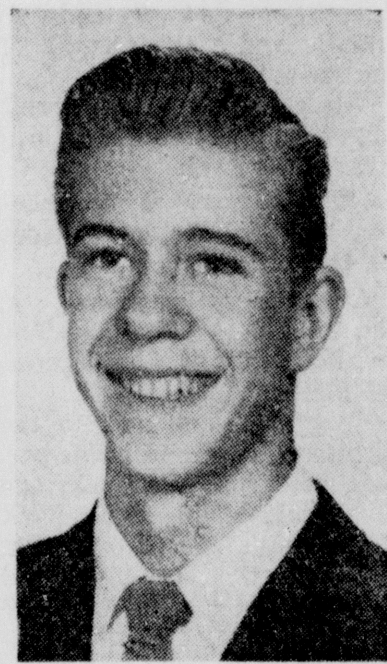

Two historic mahogany ballot boxes held the answer to how long a term awaited each of the new senators.

Long, having earlier lost a coin toss for seniority, drew first from a box which held one blank card and another signifying a six-year term ending Jan. 2, 1965.

### DRAWS BLANK

He drew the blank. After Fong picked the six-year card, Long drew from the other box which held cards for a four-year term ending Jan. 2, 1963 and a two-year term ending Jan. 2, 1961. He got the four-year card.

Long and Fong were sworn See HAWAII, page 2

DOUGLAS E. VICTOR  
Desire for punishment?

## Postmasters' Son Surrenders In N.Y.

A Corte Madera youth, himself a bank employee, was to be returned from New York to San Francisco today to face a charge he robbed a San Francisco bank of \$205 last Wednesday.

Douglas Edward Victor, 17, son of Mr. and Mrs. Edward J. Victor of 78 Mohawk avenue, surrendered to New York City police late Saturday and confessed the robbery, according to United Press International.

The youth's father is Corte Madera postmaster.

Douglas's mother said he had never been in trouble before, except as a runaway, but that he has a deep-seated emotional problem.

She said she has not seen her son since the day of the robbery, but that the next day she and her husband consulted with a psychiatrist and decided that the "boy would have to be put into a hospital."

## Distraught Parents Vainly Ask 'Why?'

By WILLIAM EARLE

Mr. and Mrs. Edward J. Victor sat in the living room of their comfortable Corte Madera home today and vainly tried to pinpoint reasons why their son, Douglas Edward, turned bank robber at the age of 17.

"I have no idea what prompted him to do something like this," said Victor, Corte Madera postmaster for seven years.

"He's a disturbed boy," the distraught father went on with difficulty. "We have had him under psychiatric care for some time. His behavior pattern has not been too out of the ordinary, but there have been these periods when he's taken off on his own."

Douglas, a slender six-footer, has run away from home six times since he was 12. The last time—five days ago—he held up a San Francisco branch of the Crocker-Anglo National Bank, escaping with \$205.

Yesterday, after surrendering to police in New York City, Douglas was permitted to telephone his parents. He spoke to his mother, a second grade teacher at Corte Madera's Neil Cummins School.

"He didn't explain why he'd done this, but he was quite calm," she said. "He's always been calm when he's come home after running away. In fact, we can't ever quite reach him to find out why he leaves."

Of the bank holdup, she said: "I think this was a desire to be punished. I think he wanted to be locked up. Perhaps he thought we couldn't do anything more for him."

As she spoke, the doorbell rang at the house on 78 Mohawk avenue. It was a neighbor offering to help the couple in any way she could. Other neighbors telephoned during the morning, also volunteering assistance.

"Our friends have been wonderful," Mrs. Victor said.

The parents pictured their son as a boy with normal interests and outlets. He enjoys art to the extent of dabbling with watercolors, and he follows the San Francisco Giants with the fervor of any enthusiastic baseball fan.

While no moodier than the average teen-ager, his parents said, Douglas seems possessed by an inner emotional conflict which no one, much less himself, can understand.

"Anyone who has had any contact with him knows he is not a bad type," Victor said. "He has a few very close friends, and he is very considerate of older people."

"He never ran with gangs, never stole hub caps—in fact, never got in trouble at all," the mother said. "The only thing he ever did 'wrong' was run away . . . When he was,

he seems to be afraid. But at home he doesn't."

The first time Douglas ran away, Mrs. Victor said, he spent the day in the hills above Corte Madera's Meadowsweet district.

"It was summer," she recalled. "He left early in the morning and took some food and my tiny round skillet. He came back at midnight with a nervous chill. We got him warm and tried to find out why he ran off. He said he didn't know."

Douglas's second venture from home also took him to the nearby hills. The third time, when a high school freshman, he went to an uncle's home in Phoenix. The next two trips were to Los Angeles, the second of these last April, only two months before he was to be graduated from Redwood High School.

"He called us from L.A. and told us he wanted to join the Navy," Mrs. Victor said. "He said he needed our written consent. We told him to come back See PARENTS, page 2

### SURVEY REVEALS:

## Marin Teeners Lack Polio Protection

Marin County's high school boys and girls—an age group highly susceptible to polio—are the least well immunized against the dread disease, a countywide survey revealed today.

It was also shown that fewer Salk vaccinations have been received in low-cost housing areas than in the rest of the county.

The survey, just completed, was conducted by the Marin County Health Department with the cooperation of the San Rafael Parent-Teacher Assn., Marin County Chapter of the National Foundation, and the Council of Women of Marin City.

"The picture of immunization in Marin is not a bad picture except in spots," Dr. Carolyn B. Albrecht, Marin County health officer, concluded from the findings. The dark spots in the picture, Dr. Albrecht said, could be brightened by increased cooperation between parents, physicians, schools and the health department.

Figures show that three out of five of the 15 through 19-year-old group in middle and high-cost housing areas are immunized, while only one in five of the same age group in low-cost housing areas have received their three shots.

The tendency toward greater immunization in higher standard living areas was common

throughout the country, the survey showed.

The reason given for better protection among higher income groups was that approximately 70 per cent of families outside the low cost housing groups had gone to their family physician for at least some of their shots.

By contrast, only 13 per cent of those in low cost housing areas had been inoculated by private doctors.

The survey also noted that See POLIO, page 2

## Strike Extends Polio Drive Here

Marin County's polio drive has been extended one week because of the teamsters' strike in San Francisco.

Problems of obtaining materials, printing, addressing and mailing 42,000 letters appealing for funds arose from the strike because a San Francisco company handles all emergency drives for polio, it was explained today by Mrs. Melvin Hammond of Terra Linda, chairman of the Marin County chapter of the National Polio Foundation.

Mrs. Hammond and her husband obtained and mailed the letters which began to reach recipients Saturday. Termination of the drive, now under way, was accordingly set over to Sept. 5.

### CANINE LOYALTY

## Dog Nips At Deputy Arresting Master

A dog came to his master's defense and chewed the leg of a deputy sheriff who arrested the master last night in Kentfield.

The master, Edwin Louis Marshall, 53, of 130 Laurel Grove avenue, Kentfield, was jailed on suspicion of disturbing the peace and drunkenness.

## Workers Trapped As Oakland Building Collapses

OAKLAND (AP)—An undetermined number of workmen were reported trapped today by a collapsing floor in the new Hall of Justice under construction at Sixth and Broadway. Five men falling with the 50-foot floor section were rescued by police and firemen.

It was not known immediately how many men were working beneath the floor section which fell 14 feet to the ground in a twisted mass of steel and wood framing.

## Hamilton Crew Due Back From Yellowstone

Capt. Andrew S. Champion of Rafael Village, who has served as military mission controller in the earthquake disaster area of West Yellowstone, Mont., was due to arrive back at Hamilton Air Force Base this evening.

The captain and his crewmen flew to the stricken area in an SA16 Albatross from the 41st Air Rescue Squadron.

NEWLYWEDS ARRIVE — Beaming newlyweds Steven Rockefeller and wife, Anne Marie, walk from plane after arrival from Norway at New York's Idlewild Airport today. Rockefeller, son of New York Gov. Nelson Rockefeller, and Anne Marie were wed in Norway on Saturday. (AP Wirephoto)

## Rockefeller, Bride Start U.S. Honeymoon

NEW YORK (AP)—Mr. and Mrs. Steven Rockefeller—the millionaire's son and the family maid he wooed and won in a modern fairy tale romance—arrived from the bride's native Norway today to set forth on an American honeymoon.

The newlyweds and the bridegroom's parents, Gov. and Mrs. Nelson A. Rockefeller, flew in to Idlewild at 9:52 a.m.

They were greeted at the airport by about 50 reporters and photographers, plus a scattering of spectators.

On the plane with the bridal couple were more than 60 other passengers.

Immigration and public health officials went aboard

## Quentin Prisoners Help Fight Fires

SAN FRANCISCO (AP)—Three fires burned out of control in Northern California today, including one of 500 acres in Mendocino National Forest, despite the arrival of a 100-man fire-fighting team from San

### PARENTS

Continued from page one and enlist from San Rafael. We were happy about it because we thought it might be just the answer to his problems."

Douglas was rejected on his first try at enlisting in San Rafael. At 128 pounds he was underweight. Undaunted, he tried a special diet, gained six pounds and was accepted on the second try.

"He came out of the recruiting office just walking on air," Mrs. Victor said.

"I talked my way in," she quoted him. "I think I made it just on effort alone."

After only three weeks at San Diego Naval Training Center, Douglas was given a medical discharge.

He came home and, to the surprise and delight of his parents, got a job five weeks ago as a bookkeeper at the Bank of America's Sausalito branch.

"He loved it. He just loved it," Mrs. Victor said. "One day he told me, 'Mother, it's wonderful to have a job and be on my own. If I work hard enough, I think I can be a teller in six months to a year.'"

At the dinner table last Monday night, Douglas discussed the \$14,600 robbery at the Bank of America branch in Point Reyes Station, the father said.

"But we all talked about it. After all, it was local news. I didn't attach any significance to the conversation."

Wednesday morning, Victor left his son at the Tamalpais drive bus stop as usual en route to his post office job. Later that day, the Sausalito bank manager called the family home and asked when Douglas planned to return to work.

Told he had gone to work, the manager said Douglas had been absent for two days. He said the boy told him his father was in the hospital with pneumonia.

The parents knew then that Douglas was off again on one of his unexplained trips. They didn't call police because the boy had always returned before.

The next morning they went to see Douglas's psychiatrist and, after a long conference, decided their son should be hospitalized.

Then came yesterday's phone call from New York.

The stunned parents were given sedation last night. Today, composed, they were awaiting a tearful reunion with Douglas. He was to be flown to San Francisco in custody of a Federal Bureau of Investigation agent.

Quentin Prison early today.

Fire-fighters controlled a blaze northwest of Healdsburg but not before 1300 acres of brush and woodland had been blackened. Two houses, two barns and a garage were burned.

In Lake County, 200 men from the permanent San Quentin camp here strove to contain a 1,250-acre fire in brush, grass and woodland west of Lower Lake. A smaller, 300-acre Lake County fire near Middletown was ringed by mid-morning.

Out of control in Humboldt County was a fire about eight miles northeast of Blockburg, which had burned 450 acres of grass and brush.

A hundred prisoners from San Quentin were thrown against the Mendocino forest fire. They joined 160 others and eight aerial tankers.

Joe Ely, fire control officer at Willows, said high humidity was aiding them, but gusty winds spread the flames. Ely said the blaze was safely contained over 60 per cent of an encircling line, partially contained on 20 per cent more.

## Row Over Fishing Hole Sparks Watery Fight

Two men grappled with each other in the waters of a creek at Samuel P. Taylor State Park yesterday in an argument over a fishing hole, sheriff's deputies reported.

Cloid Delmar Hood of San Francisco accused Stanley E. Griffen, 41, of 36 Jefferson avenue, Santa Venetia, of tackling him and grappling with him in the creek. Griffen said he didn't tackle Hood; Hood grabbed him and pulled him into the waters.

After thrashing about in the creek for a few moments, Hood had Griffen arrested for assault and battery on a citizen's warrant of arrest.

Deputy Sheriff Kenneth Irving took Griffen to the county jail. He was freed on \$250 bail and is scheduled to appear in court tomorrow afternoon.

Hood told the deputy he and his wife and son were feeding

### STOCKS TODAY

NEW YORK 3/4—The stock market sank today from its own weight. Individual losses of one to two points or more dotted the main list.

Volume for the day was estimated at 1,900,000 shares compared with two million Friday.

Losses and gains went mostly from fractions to about a point. Most changes were small.

Among exceptions were Good-year off more than three, Polaroid and Martin Co. dropped more than two apiece.

General Dynamics was off more than a point. Aircrafts generally were soft. North American Aviation fell about two.

International Harvester and Montgomery Ward advanced more than a point.

Du Pont erased a three-point loss and showed a net fractional gain.

## Marinite Elected By Methodist Youth Unit

Donald J. Baldwin, son of Rev. and Mrs. Donald H. Baldwin of San Rafael, was elected president of the National Methodist Youth Fellowship Commission today.

The 22-year-old son of the pastor of the San Rafael

Methodist Church was elevated to the office at a conference of about 200 state and regional delegates at Purdue University in Lafayette, Ind.

Balwin, who served as conference president of the northern California and Nevada Methodist Youth Fellowship in 1957-58, plans to enter the School of Theology at Drew University in Madison, N. J., in September.

Last year he and his father traveled around the world visiting Methodist missions in Southeast Asia, the Philippine Islands, Malaya, Borneo, India and Africa.

Other officers elected at the commission's meeting were Ronald Murdoff of Napa, vice president, and Elizabeth Waits, Sumerall, Miss., secretary.

The nine-day conference was held in advance of the week-long National Convocation of Methodist Youth which opened today. About 6,000 persons attended the convocation.

### DOZEN BOATERS GET WARNING ON SPEEDING

About a dozen boats were stopped in Richardson Bay during the weekend, as the sheriff's marine patrol went into action to clamp down on excessive speeds and dangerous maneuvers.

Inspector Bowen Bridges, member of Sheriff Louis P. Mountanos' marine patrol, said no citations were issued as yet, but second offenders will be tagged and ordered into court.

Most of the warnings were for speeding.

### Muir Woods Lures Record Crowds

Muir Woods National Monument, with its cool paths and shady spots offering relief from unusually sultry weather over the weekend, played host to "the largest weekend visitation on record," according to Supt. Frederick M. Martischang.

He said there were 3,732 visitors recorded on Saturday and 4,924 yesterday for a weekend total of 8,656.

### Woman Hurt As Car Overturns At Novato

Nell Sweetman, 37, of San Mateo was in Marin General Hospital today for treatment of a whiplash injury to the neck as result of her car's overturning at Highway 101 and Diablo avenue, Novato, early yesterday.

The Novato Fire Department was called out at 3:38 a.m. to wash down the highway as a precaution because of spilled gasoline.

### ANTICS

Continued from page one Lodge Motel in Novato about 11 p.m. Saturday.

He said he had just stopped to rest. But motel manager Alfred M. Berry and two other witnesses said they saw him walk up and down the rooms peering into the windows. They said they had seen a similar prowler on other evenings.

One witness said the suspect stooped down and kept peering through the window until a light flashed on and frightened him.

### Fawn Startles Driver; Car Goes In Ditch

A startled fawn on Sir Francis Drake boulevard early today didn't behave like one, but an oncoming motorist did.

Result: The fawn, which had stood still, was able to scamper off unharmed, while Harold B. Locati's coupe landed wheels up in the ditch after taking out 20 feet of fence.

Locati, 20, of 38 Jessup street, San Rafael, received emergency treatment at Marin General Hospital and was then hospitalized at San Rafael General Hospital with broken ribs and possible internal injuries. His passenger Larry Jones, of the same age and home address, was given emergency treatment for cuts.

The accident occurred just after midnight two and one-half miles west of Fairfax just after Locati's car had rounded a curve at 35 to 40 miles an hour, Locati said.

### San Rafael Council Meets Tomorrow

San Rafael city councilmen will meet in special session tomorrow noon to pass a resolution for condemnation of property needed for Lincoln avenue extension.

City Manager Dan E. Andersen said the condemnation would be filed for the property of Pacific Gas and Electric Co. near the Little League field.

Negotiations have been completed on all other land needed to extend Lincoln avenue from Second street to Irwin street. Work on the extension will be started this week by Ghilotti Brothers, contractor.

### DOWN WITH THE OLD; UP WITH THE NEW

Replaced street light standard lies in foreground as Pacific Gas and Electric Co. installs bright new street lights in 800 block of San Rafael's Fourth street to complete the city's new "white way" from E street to Lincoln avenue. The operation was done on Sundays to reduce interference with traffic. Yesterday's placing of new lights in the 800 block completed the job. Fourth street is now "bright as day" along the newly lighted stretch, which uses the latest, brightest type of illumination. (Independent-Journal photo)

## Planners To Consider Private Club Project

Developer John Farrar, who has been trying to promote a private tennis and swim club in San Rafael, will try again on a seven-acre parcel of land close to the Sun Valley area.

His request for a use permit will come up for public hearing tomorrow before the San Rafael Planning Commission. The meeting is set for 7:45 p.m. in the city hall.

Farrar plans a plunge surrounded by several tennis courts on property between Scenic avenue and Fifth avenue at J street. The property is adjacent to Davenport lane. Farrar hopes to develop a private club similar to the Mill Valley Tennis Club.

The planning commissioners will also hold a second public hearing for a proposed 40-unit apartment building on Wolfe Grade. Donald Gillespie and Alex Finkle of 450 Sutter street, San Francisco, seek rezoning of land between D street and Upper Toyon, where Wolfe Grade makes a sharp bend.

The land is now zoned first class residential with a minimum lot size of 20,000 square feet. The developers plan a two-story structure with a swimming pool.

Developer Al Fowler wants to put in an apartment building with 31 units. It will be located in the East San Rafael Assessment District between Fairfax and Novato streets, with frontage on Fairfax street. Fowler seeks a use permit for an apartment in an area which is now zoned for commercial and light industrial.

Calvin C. B. Wheeler's proposed Terra Linda Meadows

subdivision for 70 homes will be back before the planning commission for further discussion. The project is planned at the end of Freitas parkway. The chief question is, who is to extend Freitas parkway adjacent to the new subdivision?

### Mill Valley Rotarians To Meet At Seminary

The Mill Valley Rotary Club will shift the locale of its luncheon meeting tomorrow to the Golden Gate Baptist Seminary at Strawberry Point.

Rotary member Harold K. Graves, seminary president, will be host. John Warnecke, architect and designer of the school, will be speaker. Staff members of seminary will be introduced.

## HUNT FOR BOAT IN TROUBLE PROVES FUTILE

Air Force and Coast Guard search and rescue planes dropped flares over San Pablo Bay off Black Point Saturday night in search for a reportedly overturned boat, but to no avail.

An SA16 Albatross and helicopter from the 41st Air Rescue Squadron from Hamilton Air Force Base and a Coast Guard helicopter combed the bay from 8 to 10 p.m. after receiving a report from a Black Point resident that he had seen the boat bobbing in the water.

The search operation was logged as a "false mission" after no boat was found, reported Lt. Ralph G. Stoddard, information officer for the 41st Air Rescue Squadron.

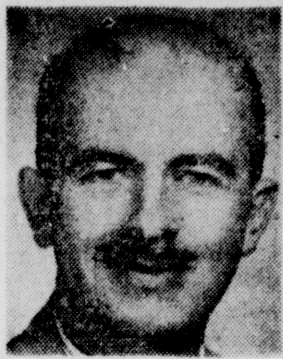

## Fiery Atlas Goes Aloft

CAPE CANAVERAL, Fla. (AP)—A fiery Atlas surged aloft today in another shot aimed at making this giant war rocket ready for military use by next month.

The launching appeared smooth as the 85-foot missile lifted off on the start of a 5,500-mile test flight down the Atlantic missile range.

If all went right, recovery ships would try to retrieve a data capsule set to pop out of the missile's nose cone near Ascension Island.

A good shot today, followed by one or two more, probably would open the way for the Air Force to declare the weapon operational, by the target date of Sept. 1.

### Key to Good Health—Your Nervous System

by Dr. Robert W. Pearce

Do you envy the relative or friend who has the ability to throw off the effects of flu or other ailments almost before you can say "aspirin?" How does he beat those viruses?

"It's his resistance," someone may say.

Resistance to disease is not the mystery many of us think it is. It can be explained as a condition that runs hands in hand with good health. And good health is the reward of those people who help nature take care of their physical welfare. The ingredients of good health include exercise, pure food and drink, cleanliness, sufficient rest, disciplined thinking and, above all, a body that functions at high efficiency in all its systems.

The key system of the body is the nervous system which supplies the "living power" to every part and organ. And when the free flow of nerve energy is disrupted, body resistance diminishes and invasive disease agents, such as viruses, gain a foothold in the affected area.

The nervous system can be disrupted by the accidental misalignment of spinal bones or vertebrae which form a protective canal for vital nerve trunks descending from the brain. These spinal misalignments will compress, pinch or stretch the nerves, thus hindering the flow of impulses to one or more distant organs of the body. This lack of nerve supply sets up a fertile field for disease.

Chiropractors are specialists in removing nerve interference painlessly and efficiently by means of spinal adjustments and by hand alone. One or several adjustments may restore the nervous system to top capacity, and with nature's help drive out the disease agents. An efficient nervous system, kept in good repair, is the best weapon in the war against disease. It means resistance... which, after all, is just plain good health.

### TIGHT SQUEEZE IN CORTE MADERA CREEK

Associated Dredging Co. of Sausalito had a spot of trouble getting the big dredge of which the boom appears in this picture under the Greenbrae Bridge late Friday. The boom was carried too high as the dredge approached the new twin spans of the

Highway 101 bridge, so had to be lowered, as shown, after the cables hit the bridge. Traffic to San Quentin and Greenbrae was held up several minutes while the dredge operator lowered the boom and passed under the raised bridge sections. (Independent-Journal photo)

## Drought Problem Bad In San Joaquin Valley

FRESNO (P)—Perhaps the most flourishing business in the southern San Joaquin Valley the past month is digging wells and selling pumps, for irrigation and domestic supply alike.

"If you come home from a vacation and find your lawn burning up because the well went dry, chances are you won't get relief immediately, because too many people are ahead of you," said Del Crumme, sales manager for a big pump company. "Many wells must be deepened and, of course, some collapse and must be replaced."

Crummey and Charles Sorter, manager and hydropower engineer for a company that surveys underground water and potential storage, agree the combination of drought and excessive heat are more serious than the statistics indicate.

"People are inclined to shrug

off a situation like this," said Sorter, "with some such remark as: So what? We've had drought before, and recovered quickly."

"But there is a big difference. Every year for more than a decade the southern part of this valley has been drawing something like three million acre feet of water from the ground that has gone back into it."

"So we get a wet season like that of 1957-58 and instead of replenishing the supply we just about break even. Some districts have enjoyed a healthy raise in the water level, but not the valley as a whole. A single dry year like this one puts us further behind than ever."

What will happen if next season is also deficient in rain and snow?

"Quite a bit of land will go out of cultivation, either because there is no water or because the pumping depth makes its recovery uneconomical," said Sorter.

"And a lot of home owners who operate pumps for domestic use will hook up to city systems, as they already are doing by the scores in Fresno," added Crumme.

Sorter commented: "Unless a California plan to balance the water budget is put into operation soon nothing could be more apparent than that it is going to put an awful crimp into the valley's agricultural and industrial expansion."

### Strikes Home

RAPIDS, N. Y. (UP)—A \$30,000 fire completely gutted the headquarters of the Rapid Volunteer Fire Dept. before its 32 members could extinguish it.

## Corte Madera Creek Flood Study Fund Included In Bill

The House and Senate have ratified and sent to the President a public works appropriation bill and conference report that includes more than two million dollars to finance flood control and harbor improvements in California's First (North Coast) District during fiscal 1960.

Rep. Clement W. Miller (D-Corte Madera) said the bill includes \$7,000 for flood control investigation of Corte Madera Creek.

The bill also provides \$500,

000 for further work on the Army Corps of Engineers' survey of San Francisco Bay, which includes the hydraulic working model of the bay at Sausalito.

Included in the bill are \$50,000 for resurvey of Dry Creek, Sonoma County; continuation of a survey of Eel River, Humboldt and Mendocino Counties (\$28,000); and completion of surveys of Redwood Creek, near Orick, Humboldt County, (\$18,400).

## Food Poisoning Strikes 200 In 3 States

By U.P. INTERNATIONAL  
Doctors sought today to determine the cause of food poisoning outbreaks in three states that left more than 200 persons stricken.

Nearly 100 were either hospitalized or were given treatment for food poisoning at two separate picnics held in a North Cheyenne, Wyo., park yesterday.

Officials said 25 persons were admitted to Memorial Hospital and another 29 were taken to De Paul Hospital. A total of 35 persons were treated at the park and sent home.

### NONE SERIOUS

James Young, Memorial Hospital administrator, said none of those admitted was in serious condition.

The same caterer furnished potato salad to both picnics, according to State Health Director Dr. James Sampson. He listed the salad as the probable cause of the poisoning.

Dr. Cecil Reinstein, Wyoming state director of preventive medicine, said he would know definitely late today what was responsible.

### FOUR SUSPENDED

Four restaurant employees at the Wisconsin State Fair at West Allis were suspended yesterday after 20 persons were hospitalized from food poisoning.

State Health Inspector Ronald Weber said that apparently all those stricken had eaten mashed potatoes and gravy at the fairgrounds restaurant. Weber said the four employees of the restaurant all had minor scratches, burns or wounds on their hands.

However, he said the source of the epidemic had not yet been pinpointed, or traced to the four suspended employees.

### 12 HOSPITALIZED

About 12 persons remained hospitalized in Attica, Ind., for treatment of food poisoning which struck down nearly 100 persons during a company picnic Saturday night.

State health authorities said food samples were being analyzed to determine the exact cause of the poisoning at the Radio Material Co. picnic.

However, J. F. Reilly, chairman of the board, believed tainted ham was the probable cause. He said a member of his own family became ill after eating a ham sandwich.

Doctors pointed out that particular attention should be paid to refrigeration and sanitation in preparing food. Refrigeration of food that is already contaminated will not prevent bacteria from developing, they said.

## Coin Collection Missing From San Rafael Home

Any Mexican \$5 gold pieces turning up in coin-operated vending machines?

If there are it's a safe bet they are from a collection owned by Ignacio Paul Chavez of 214 DuBois street, San Rafael.

He told police yesterday that his coin collection is missing from a high shelf in the utility room of his home.

Chavez said included are many pre-1900 U. S. coins and several Mexican \$5 gold pieces. He said he had no exact inventory and couldn't estimate the value of the collection.

## U. S. Education Bill Approved

WASHINGTON (P)—The Senate Education Subcommittee today approved a compromise bill proposing a billion-dollar, two-year program of federal grants to the states for school construction.

The measure would put up the money at a rate of 500 million dollars a year starting in the current fiscal year, on a matched-fund basis.

The bill calls for a formula considering the wealth and population of each state.

### DOLL AT A DOLL SHOW

Tena Van Cleave, 12, of San Quentin went to the San Rafael Recreation Department's doll show at Albert Park on Friday, and came away with a doll. Lucky Tena had the winning number for a doll given away in connection with the free show. San Rafael Toy Shop contributed the doll. (Independent-Journal photo)

## Local Air Line Seeking New, Larger Plane

Tahoe Air Lines is negotiating for purchase of a four-engine 12-passenger amphibian plane which will be able to fly between Richardson Bay and northern Lake Tahoe in 45 minutes, according to Louis Labe, manager.

A test flight in the new plane, called a McKinnon G21C, was made yesterday by Labe; Dwight Hansen, president of the line, and William Mims, chief pilot, as guests of its developer, A. G. McKinnon of Sandy, Ore.

"This was a plush executive version of nine-passenger capacity," said Labe today. "As we would use it we'd set it up for 12 passengers. Initially we might get one plane but later we would like a fleet."

A group of Tahoe businessmen met the plane and discussed plans for new equipment and for continuing daily operations through the winter for the first time. They examined the new plane which is a redesigned version of the Grumman Goose.

Tahoe Air Lines purchased last month from Commodore Aviation and operating as before from the Commodore base on Richardson Bay, is now operating three seven-passenger planes—two twin-engined Gulls and one Grumman—on a one-hour service comprising two regular round trips daily with extra sections when demand and equipment permit.

The regularly scheduled flights now take off from Richardson Bay north of Sausalito at 9 a.m. and 4:30 p.m. but Labe said that last Friday the line sent out 10 round trips.

A winter schedule will be started Sept. 28, Labe said. This will provide for a minimum of two daily round trips leaving Richardson Bay at 8 a.m. and 3 p.m., the earlier departure time being necessary because of requirement that the planes complete their last trip within daylight hours.

## Board To Name New Teachers

Appointments of 10 new high school and elementary teachers is scheduled at the regular meeting of the San Rafael Board of Education tomorrow at 8 p.m. in the board offices at 215 Mission avenue.

Also up for approval of the board will be a low bid of \$19,500 for construction of the new San Pedro underpass. The awarding of the bid is also subject to approval by the Marin County Board of Supervisors and the San Rafael City Council.

## DAIRY MARKET

## Cranston Sets Tax Appraiser Income Ceiling

SACRAMENTO (P)—Motivated by information that state inheritance tax appraisers have made up to \$33,000 for six months' part-time work. Controller Alan Cranston has set a ceiling on incomes of the political appointees.

Cranston's decision to limit appraiser fees to \$20,000 a year—his own salary—came after 137 appraisers had filed earnings reports with Cranston.

### FIRST REPORTS

The reports were the first filed with Cranston since he took over this January as state controller with power to hire and fire at will an unlimited number of appraisers. Their earnings come from probate fees based on the size of estates they appraise.

Cranston said he was himself surprised by the figures reported. Herman A. Bischoff, a San Diego Republican appointed by former Controller Thomas A. Kuchel, now a U. S. senator, reported the \$33,000 earnings.

### REPORT FEES

Hugo P. Correll of Alameda showed earnings of \$23,040 for the first half of 1959 and several others, holdovers from Republican administrations like Correll and Bischoff, reported fees ranging from \$10,000 to \$16,000.

California's highest paid official, Gov. Edmund G. Brown, makes \$40,000 a year and of course spends full time at the job. Of the 100,000 full-time state employees only 11 are paid \$20,000 or more a year.

### PRINCIPAL WORK

The principal work of most appraisers is as lawyers or real estate men.

Correll and some of the others reporting high incomes have been replaced by Democrats. Cranston has appointed 86 appraisers since taking office.

But their reported incomes are low—an average of \$195—presumably because they're getting started and have to put out high initial expenses for offices and the like.

## Dalai Lama Says Struggle In Tibet Killed 80,000

NEW DELHI, India (P)—Tibet's struggle for freedom from Red China has cost 80,000 lives and the Himalayan kingdom is heading toward extermination, the Dalai Lama claims.

"With more Chinese than Tibetans now in my country, the complete extermination of the Tibetan race in its own motherland is now in progress," the god-king told newsmen yesterday at his exile home in Mussoorie.

Tibet's youthful ruler said he had every reason to believe the Chinese Reds had arrested the Panchen Lama, Buddhist leader the Communists installed as a puppet in his place.

"After all the Panchen Lama is a man with feeling for his country, people and religion," the Dalai Lama said. "His father is a man of strong will

# Khrushchev's U. S. Itinerary Listed

WASHINGTON (AP) — Soviet Premier Nikita Khrushchev's American itinerary now is official, and it apparently sets the pattern for President Eisenhower's later visit to the Soviet Union.

The recent exchanges of Soviet-American visits — such as those of Deputy Premier Frol Kozlov and Vice President Richard M. Nixon — have been on a strictly tit-for-tat basis.

Official relations between the Soviet Union and the United States have for years been set in this mold—you let our man do this, and we'll let your man do that.

When the Soviet Union restricts travel for Americans in parts of the U.S.S.R., the U.S. State Department follows with an exactly comparable restriction for Soviet citizens traveling here.

Khrushchev's U.S. itinerary, which had been pretty well forecast in advance, ends with a second stop in Washington.

Khrushchev will come to Washington first on Sept. 15 for two days of official visiting at the White House. He will address the National Press Club and answer newsmen's questions in a nationally televised program on the 16th.

He will go to New York Sept. 17-18, where he will address the United Nations General Assembly.

Los Angeles is next, Sept. 19, and San Francisco Sept. 20-21. Sept. 22-28 are to be spent at Des Moines, Iowa, with side trips to Ames, Iowa, and probably to the farm of Roswell Garst at Coon Rapids, Iowa.

Khrushchev is vitally interested in agriculture and corn, particularly. Garst, who has a showplace corn farm at Coon Rapids, had met Khrushchev on a trip to the U.S.S.R. and invited him to return the visit.

Khrushchev will go to Pittsburgh Sept. 24 and probably will return that evening to Washington for three more days.

**Sub-Contract Swindle**

BUFFALO, N. Y. (UP) — Thomas Hofschneider, 20, who was arrested for charging people 50 cents to park on state property near Memorial Auditorium, told police he was sharing the proceeds with the man who hired him for the job.

## NIKITA MIGHT VISIT YOU, BUT DON'T BET ON IT

Soviet Premier Nikita Khrushchev might visit you right in your own home.

But don't bet on it. He's only going to be in the Bay Area during his official visit to San Francisco, for two days—Sept. 20 and 21.

As the State Department made the announcement, San Francisco Mayor George Christopher started making up a list of things the Soviet leader might want to see and do while in the Bay Area.

He might see a ball game, and he might tour the Redwood Empire. But whether the Russian will get as far as the Russian River is anybody's guess.

And he might visit a typical American home. And if that visit is made during a Redwood Empire tour it might be in Marin.

## Police Book S.F. Woman For Hit-Run

A driver's license when you don't own a car?

This question, San Rafael police said, was raised by Mary Louella Higginson, 23, of San Francisco, yesterday when she was booked at the county jail for not having one.

She also was booked for hit-run driving involving property damage, ignoring a stop sign, driving on the wrong side of the street and reckless driving.

Police caught up with her at a motel in the north end of town after she drove her car into a parked one belonging to Elizabeth L. Stockstad of 204 Cardinal avenue, Mill Valley. The car was parked at 706 Belle avenue, and police said Miss Higginson kept right on going after she hit it. They said she was driving a Daly City man's car.

## Quentin's Art Exhibit Draws Crowd Of 5,000

(Pictures on page 9)

The two-day annual San Quentin Prison inmate art show when ended yesterday afternoon drew more than 5,000 persons, some of them from as far away as Australia, an official reported.

Hundreds of art and craft objects were sold, ranging in price from a few dollars to just under \$100. About 500 paintings were sold. In all, the take for the two days was \$4,800.

An abstraction with a price tag of \$1,248 did not sell.

"It was an orderly show," said an official, "with a lot of artists in attendance. We had people here who were touring the Bay Area. There were people from Australia, Scotland, Hawaii and the eastern states."

None of the artist prisoners was allowed to attend the showing, but a few of the convicts helped usher visitors around, collect the money and wrap the purchases.

Much of the work on display was made in cell blocks,

but some of it was made in night art classes.

This was the fifth annual show and the second to which the public was admitted.

Alexander Winton, of Cleveland, Ohio, is credited with making the first automobile sale in the U.S. on March 24, 1898.

**FORKBALL ARTIST** — Elroy Face, ace relief hurler of the Pittsburgh Pirates, shows how he throws his famed fork ball in the dressing room yesterday after he defeated the Los Angeles Dodgers 4-3 in 10 innings in the second game of a doubleheader. It was Face's 16th straight win of the season and his 21st in a row. (AP Wirephoto)

## Face Nears Mark; Giant Lead Widens

By ASSOCIATED PRESS

Elroy Face may do it yet. The little Pittsburgh relief ace needs only three more victories to equal Rube Marquard's record of 19 consecutive triumphs in one season and Carl Hubbell's two-season streak of 24.

Face made it 16 in a row for 1959 and 21 since May 30, 1958 yesterday as the Pirates stunned Los Angeles with a sweep of a doubleheader 9-2 and 4-3 in 10 innings.

The 5-8 inch right-hander took over in the ninth after Pittsburgh had come from behind to tie the second game score 3-3. He hurled scoreless ball over two innings and capped the decision when Dick Groat singled with the bases loaded in the bottom of the 10th.

### DROP TO THIRD

The Dodgers' double defeat dropped them into third place, a half game behind the Milwaukee Braves who defeated the Chicago Cubs.

Los Angeles is now 4½ lengths behind the first place San Francisco Giants, whose scheduled doubleheader in Philadelphia was rained out. Cincinnati whipped St. Louis 5-3 for a sweep of the three-game series.

Don Drysdale, Dodger ace, was charged with both Los Angeles defeats. As a starter in the opener, he was routed in the third inning when the Pirates broke loose for four runs to overcome a 1-0 deficit. As a reliever in the second, he yielded the tying run in the eighth and the winning run in the 10th.

Bill Virdon, Pittsburgh center fielder, blasted seven hits. He had a double, two singles and a walk in the opener, and two singles, a double and a home run in the nightcap.

### PIRATES RALLY

He ignited the winning rally with two out in the 10th with a single. Smoky Burgess followed with a single and Bob Skinner walked. Then Groat came through with his game-winning single.

Milwaukee made only two hits but converted both into runs in sweeping the three-game series from the Cubs.

Left-hander Art Ceccarelli

gave up just one hit in six innings, a bloop single by Andy Pafko in the fifth. But a throwing error by third baseman Earl Averill on Ray Boone's grounder preceded the hit and Johnny Logan followed with a sacrifice fly to score Boone.

Don Elston, who hurried the last two innings for the Cubs, gave up the other hit and run in the eighth when Logan doubled, went to third on a fly and scored on pitcher Bob Buhl's squeeze bunt. Buhl allowed six hits for his 11th victory and fourth shutout.

Jerry Lynch hit a two-run homer in the eighth to snap a 3-3 tie and give Cincinnati's Don Newcombe his 12th victory. Newcombe also hit a home run as the Reds gained their third straight over the Cards.

The Giants led 2-1 after 3½ innings of the first game when rain called a halt. Since the Giants are no longer scheduled in Philadelphia, the games may be moved to San Francisco when the Phils visit there Sept. 11-13.

## Plumbers In 2-0 Win Over Tiburon Nine

By GLENN BECKER

Left-hander Bob DeRosa hurled the San Anselmo Ongaro Plumbers to a 2-0 victory over the Tiburon Pelicans yesterday. The semi-pro game was played at San Anselmo before a capacity crowd of over 250. DeRosa allowed the Pels only one hit, a scratch single to deep shortstop in the third inning by Ray Albertini. Other than that he was invincible, striking out nine and surrendering but one walk. It was the Plumbers' 11th win in twelve starts, and DeRosa has won them all.

San Anselmo was pretty well held in check, too, by Tiburon hurler Buzz Wensloff. They managed only seven hits off his offerings, but clustered three of them in the fifth inning and two more in the seventh to tally their two runs. After two were out in the fifth, three consecutive singles by Ralph and John Boccabella and Don McGinnis broke the scoreless tie.

The Plumbers picked up their other run two frames later. DeRosa laid down a perfect bunt single, and went to second when Tim Reardon grounded to first. After Ralph Boccabella went out short to first, Brother John lashed a booming triple to left-center, scoring DeRosa easily.

The two teams will meet again next Saturday at Alberts Field, San Rafael, at 8 p.m., in the rubber game of their series.

## HANLEY'S REPORT

### Bill Rigney Nears League Record In Protests Filed

By JACK HANLEY  
I-J Correspondent

PITTSBURGH—If the Giants don't win the 1959 National League pennant it won't be because Bill Rigney doesn't know the rule book.

The Giant manager has lodged three official game protests so far this year which may not be an all-time record but is tops for the 1959 campaign.

His first protest was made during that disputed one-hitter Sam Jones pitched against the Dodgers in Los Angeles Coliseum June 30. It was prompted by a triple reverse of the umpires who called a sixth inning homer by Willie Mays a foul, then a homer and finally a ground rule double. Because the Giants won that game 2-0 on Jones' superb pitching, Rigney's protest never was forwarded to the National League office.

His second protest was made August 13 in the fifth inning of that terrible 20-9 clobbering Chicago's Cubs gave the Giants in Wrigley Field. Tony Taylor, Cub second baseman, caught a bouncing foul ball while a base runner at third, Warren Giles, N.L. prexy, ruled Taylor did nothing wrong, the provision prohibiting a runner from deflecting the course of a foul ball means he cannot intentionally deflect it into fair territory.

**RIGNEY'S THIRD PROTEST** was his best. It came in the first inning of last Thursday's game with the Milwaukee Braves. After Frank Torre doubled home Bobby Avila with the first run of that game, Rigney called Al Barlick's attention to the fact that Torre's name was not listed on the official Brave lineup card. Brave manager Fred Haney gave the umpire-in-chief before the game started.

Instead of Torre, Joe Adcock's name appeared in the fifth batting position. Rigney, speaking like a Philadelphia lawyer, insisted Torre was an improper batter, therefore automatically out, since he hit the double with two-out the run didn't count.

Furthermore, Rigney contended that if Torre was not held to be an improper batter—but an unannounced substitute batter which is permissible—then he was a substitute for Adcock and Adcock no longer was eligible for the game.

Rigney won his alternate point. Torre was declared to be a substitute batter for Adcock and Adcock was declared "in-and-out" of the game, ineligible to re-enter.

Haney had planned to use Adcock's dangerous bat in a pinch-hitting role if necessary

so he simultaneously matched Rigney's protest with of his own.

HOWEVER, HANEY knew his protest was futile because Barlick withheld his decision until a telephone call was rushed through to Giles at his league headquarters office in Cincinnati. Giles ruled Torre was a substitute batter for Adcock. It was the fastest decision of unique double protests by opposing managers on record. It was made possible because Giles' assistant, Fred Fleig, happened to be a spectator at the game and hurried the call through to Giles as soon as the rhubarb started.

Rhubarb, telephone call and decision all were in ten minutes and the game proceeded with the Giants winning it on Willie McCovey's magical bat that produced a two-run homer in the ninth.

If Torre had not doubled, Rigney never would have protested. But if Adcock subsequently appeared in that game as a pinch hitter and ostensibly won it with a homer, Rigney intended to protest he was an improper batter who already had been "in-and-out" of the game.

What a rhubarb that would have created!

## Christiansen Is Sausalito Tennis Champ

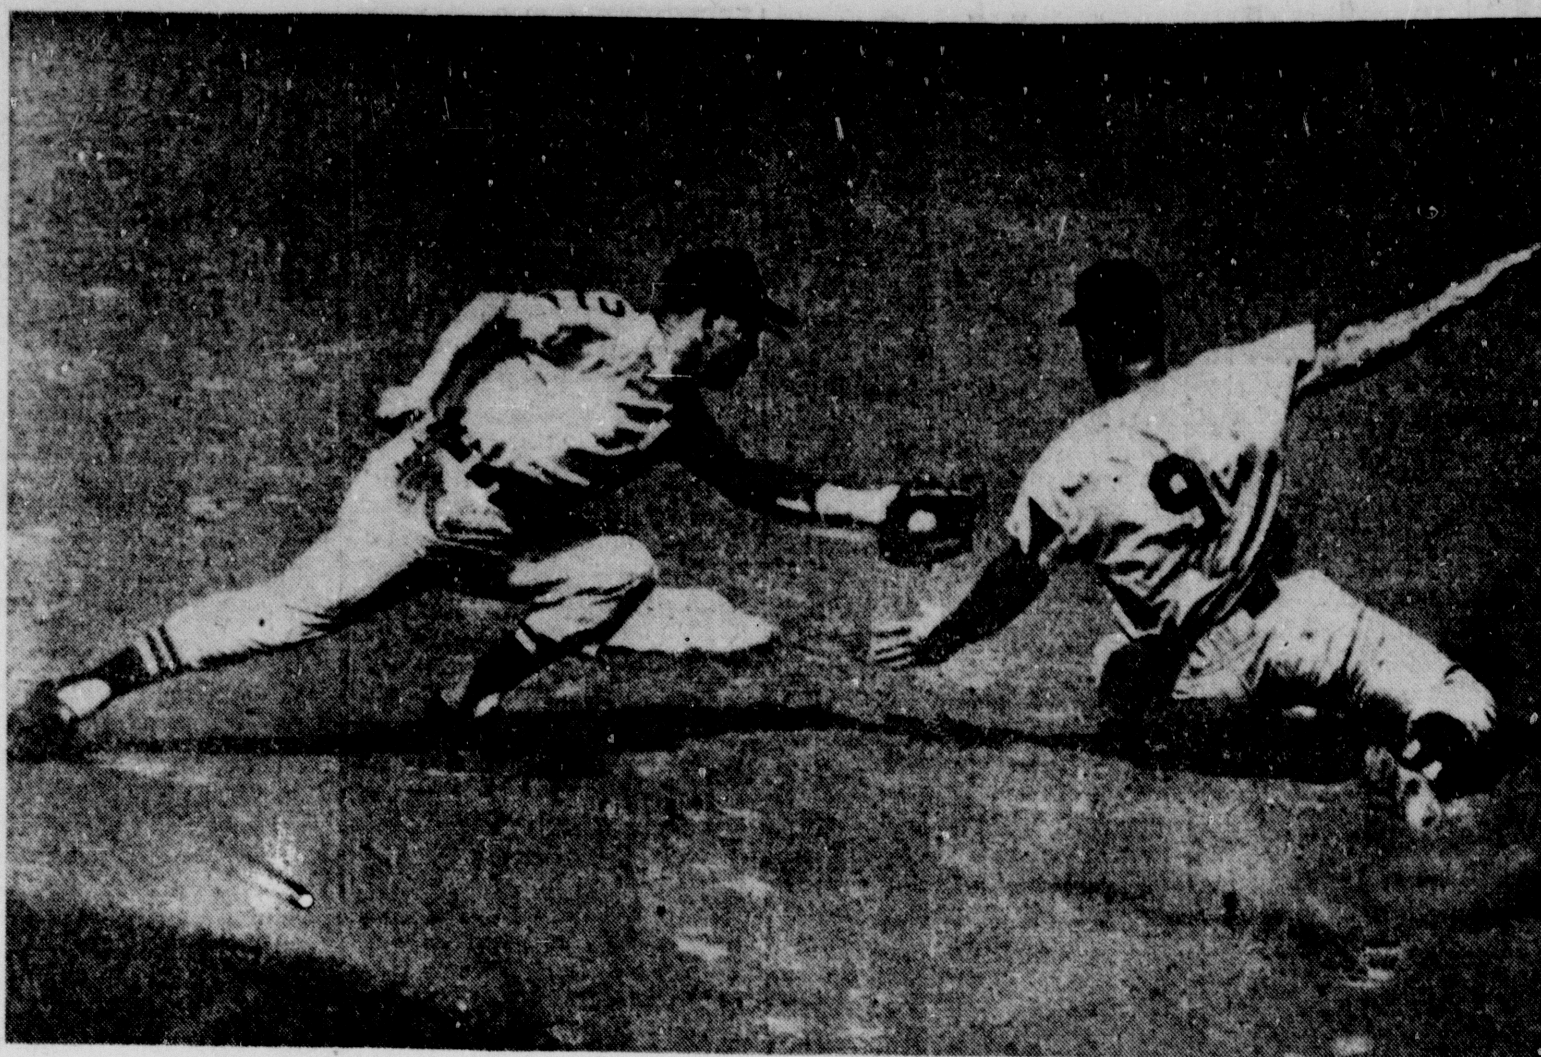

Jim Christiansen, a stocky blond 14-year-old southpaw, upset Ray Grinsell Jr. Saturday to win the 1959 Sausalito Junior Tennis championship.

Christiansen put together a near-perfect performance to smash the defending champion, 6-0, 6-1, on the Richardson Bay School courts. Grinsell, 16, had won last year's title after a rugged struggle with Christiansen.

But Christiansen's steadiness prevailed this year over Grinsell's off-and-on power game.

In other title matches, form ran true. Joyce Friedman repeated as Junior Girls champion with a convincing 6-3, 6-1 triumph over Margo Page; Joe Friedman copped the Boys—13 laurels by dumping unranked Rickey Tower, 6-0, 6-1; Julia Dreyer took the Girls—13 honors with a 6-4, 6-2 victory over Kathy Fickert; and Betsy Nowlan won the Beginners Girls title, beating Romy Stone, 6-2.

Saturday's tournament finals concluded the 1959 Sausalito summer tennis program, directed by John Minton and Anne Hicks. It was the city-sponsored program's second year, with more than 50 children participating.

**HE MADE IT**—It looks like Hank Bauer (9) is going to be an easy out in third inning yesterday but the New York Yankee outfielder squirmed past the outstretched arm of Chicago White Sox second baseman Nellie Fox to reach second safely. Bauer stole second as Cletis Boyer struck out. Fox took throw from catcher Earl Battey. Action came in first game of twin bill. (AP Wirephoto)

## MARIN YACHTING

### Light Winds Hinder Last YRA Class Boat Races

By ALFRED MATSON

Yesterday, the YRA class races were held under conditions that reminded many of the sailors of Long Island sailing with light variable winds, so light at times that anchoring was necessary to hold against the tide. It was the final such series of the season and there were 93 entries.

Considering that 18 classes were represented, not too many yachtsmen were interested.

The winners: Hurricane Class, Random; Buccaneer Class, Red Witch; IC Class, Gypsy; Treasure Island, Rebel; King's Cruiser, King's X; 210, Sou'wester; Bird, Teal; Acorn, Sea Point; Golden Gate, Nani II; JC, Hela II; Folkboat, Hi Fi; Maya, Bahama; Carinita, Mea Domina; Thodes 33, Ah Wahine; Windward, Westerly; Pic Angel; Bear, Cinnamon.

**THE BELVEDERE** Sailing Society's first annual regatta was held yesterday on the lagoon and proved an unqualified success as attested by the 134 entries. Mel Gautier was the generalissimo in charge and Boyd Thompson handled the duties of race chairman.

It was a two-race series with the morning event a drifting match but in the afternoon breezes piped up considerably and several El Toro's were dunked. The visiting firemen from the Lake Merritt Sailing

## Francona Bat Booms, Indians Close On Sox

By ASSOCIATED PRESS

Until this year trader Frank Lane always has boasted his best deals were those which brought pitcher Billy Pierce and second baseman Nellie Fox to the Chicago White Sox. The voluble Cleveland general manager is now ready to add a third.

On March 21 of this year, Lane traded veteran Larry Doby to Detroit for a utility outfielder who batted only .254 last year. His name? Tito Francona. It has turned out to be Lane's best trade as an Indian chief.

The 25-year-old Francona has been the Indians' best hitter ever since he was placed in the regular lineup. He is the league's No. 1 hitter with a .379 batting advance, 17 home runs and 64 runs batted in, but has not been at bat enough times to qualify for the top spot officially. Doby, incidentally is in the Pacific Coast League.

Francona hit two home runs yesterday. His first came in the ninth inning of the opener, snapped a scoreless pitching duel between Cleveland's Jim Perry and Boston's Tom Brew-

er, and gave the Indians a 1-0 victory.

It was the third time this season Tito has hit a game-winning homer in the final inning. His second homer came in the first inning of the nightcap, also won by the Indians 6-2. The sweep advanced the Indians to within a game and a half of league-leading Chicago.

The White Sox lost a full game to Cleveland when they were held to a split in their twin bill with New York. The Yankees won the first game 7-1 but the Sox came back to take the nightcap 5-0.

Detroit trounced Baltimore 9-5 before rain washed out the second game of their scheduled twin bill. It was scheduled to be played today. Washington split with Kansas City, winning the first game 7-3 and losing the second 5-2.

A three-run homer by Minnie Minoso featured Cleveland's five-run blast in the fourth inning, snapping a 1-1 second-game tie. Jack Harshman, doling out only four hits in five relief innings, was credited with his second victory in a week.

## Aussies Beat U.S. Doubles Tennis Team

BROOKLINE, Mass. (AP) — Earl Buchholz Jr. apparently will team with Alex Olmedo in doubles for America's defense of the Davis Cup against Australia.

Though Aussies Neale Fraser and Roy Emerson beat the experimental U.S. tandem 3-6, 6-3, 5-7, 6-4, 7-5 yesterday to win the National Doubles Men's Championship, Buchholz convinced team Captain Perry Jones he's ready for the world series of tennis.

"Buchholz was magnificent," Jones said after the match. "He played like an old campaigner and took a lot of weight off my shoulders. He most probably has solved my problem in doubles."

Jones said he felt an aroused Olmedo will make the United States much stronger in the Aug. 28-30 challenge round defense.

"Alex didn't begin to play up to his normal game," Jones said.

"Australia will have to be much stronger to beat us in the Davis Cup if Olmedo is up for the competition. I think Alex brings himself to a crescendo. This match was important but not the same as the Davis Cup. When he hits his peak he seems to be able to call on hidden power."

## 'MAGIC' JUST MISSES

## 49ers Miss Tie By A Mere Foot

SAN FRANCISCO (AP)—Paul Hornung calls Y. A. Tittle a magician. Ol Yelberton Abraham's San Francisco 49er teammates call him Colonel Slick.

Although the 49ers lost yesterday 24-17 to Green Bay in a National Football League exhibition, Y. A. proved Colonel Slick is more appropriate.

He didn't have the magic to pull off a tie. He was one foot short and a second too late. End R. C. Owens caught Tittle's 40-yard high "alley oop" pass and fell on the one-foot line. Before the 49ers could line up again, the gun went off.

Hornung, who scored half the Packer points on a field goal, a touchdown and three conversions, called Y. A., starting his 12th year as a pro, "one in a million."

"He gets in there and they start moving," Hornung said. That's exactly what happened. John Brodie had quarterbacked the team for three quarters and the 49ers had been limited to

## Basilio-Gene Fullmer Fight Tops Ring Bill

By ASSOCIATED PRESS

Carmen Basilio steps into the San Francisco Cow Palace ring against Gene Fullmer Friday night.

If you live in the 48 states governed by the National Boxing Assn., the 15-round bout will be for the world middleweight championship.

But if you live in New York or Massachusetts—or your name happens to be Sugar Ray Robinson—it's just another Friday television offering.

The NBC has shorn Robinson of his middleweight title because of inactivity and blessed the Basilio-Fullmer argument as a title brawl. New York and Massachusetts decided to let Sugar Ray keep his title. Neither is a member of the NBA.

So no matter how it comes out, one result will be confusion because there will be two world champions.

As for the fight, Basilio is rated an 8-5 favorite in the early callover. Each has won the crown from Robinson, then lost it back. In fact, the last time Robinson fought for the title he regained it from Basilio. That marked the fifth time Sugar Ray won it back after losing it.

Both Basilio, an onion farmer from Chittenango, N.Y., and Fullmer, who comes from West Jordan, Utah, are hard hitters and don't worry much about finesse.

Two other world champions will be in action during the week, both in non-title bouts. Don Jordan, who holds the welterweight title, meets his Los Angeles neighbor, Art Aragon, in a 10-rounder tomorrow in Los Angeles.

Lightweight champion Joe Brown meets Santiago Ramirez of Cuba in a benefit 10-round in New Orleans Wednesday.

Rudell Stutch, the No. 2 ranking welterweight, shows his stuff for the home folks in Louisville Friday night against Luis Rodriguez, undefeated Cuban welter champion. This is the regular ABC-TV offering.

**OLMEDO RETURNS** — Alex Olmedo returns ball while his partner, Earl Buchholz Jr., watches, in third set of their U.S. National Doubles men's championship match with Neale Fraser and Roy Emerson at Brookline, Mass., yesterday. Fraser and Emerson strengthened Australian Davis Cup hopes by defeating Olmedo and Buchholz 3-6, 6-3, 5-7, 6-4, 7-5. (AP Wirephoto)

## Beverly Hanson In Golf Win

SPOKANE (AP)—Beverly Hanson, a tee-shot artist from California, made up for erratic putting with long, whistling drives yesterday and took a two-stroke victory in the \$7,500 Spokane Women's Open Golf Tournament.

But she had to stave off a courageous comeback by Louise Suggs, the veteran from Sea Island, Ga., to pocket the first prize money of \$1,313.

Miss Suggs entered the final round five strokes behind, finished it with a 72-hole total of 289, the same as Mickey Wright of San Diego, Calif.

Miss Wright, current National Women's Open champion, who had a 54-hole total of 215, just two back of Beverly, couldn't make up the difference yesterday as she too encountered putting difficulty.

## New Pro Grid League Plans To Outbid NFL

DALLAS (AP)—The American Football League flexed its muscles today and promised competition for the staid old National Football League with better salaries for both players and game officials.

Most everything is set for the first venture of the newly organized professional league in 1960. Naming of a commissioner and a decision on whether to expand to eight clubs will be handled at a meeting Sept. 12-13 in Los Angeles.

A committee of Lamar Hunt, the young Dallas oil man who founded the league when he couldn't obtain a franchise in the NFL; H. P. Skoglund of Minneapolis and Barron Hilton of Los Angeles was appointed here yesterday, at the windup of the circuit's second meeting, to select the commissioner.

Dallas, New York, Houston, Minneapolis-St. Paul, Los Angeles and Denver make up the league and it was explained that all were backed by sufficient money to operate for several years without profit although some of the club owners said they didn't anticipate they would lose anything even at the start.

Big television contracts were considered in the offing and Harry Wismer, the noted broadcaster who is one of the New York owners, said games would be televised in New York on Saturday afternoons. This would conflict directly with the National Collegiate Athletic Assn. game of the week.

Hunt said the league planned to offer 10 per cent more minimum salary than the NFL; that it would also pay the officials more, and that players would receive more money for exhibition games.

## Little League World Series

WILLIAMSPORT, Pa. (AP)—Eight teams of baseball players age 9 to 12 are approaching the end of the Little League rainbow—the 20th annual Little League World Series which opens here tomorrow.

Two first round games are on tap tomorrow. Two more first round contests will be played on Wednesday, with the semifinals to begin Thursday. A consolation game will be held Friday, followed by the championship contest Saturday.

Representing the continental United States are Schenectady, N. Y.; Gadsden, Ala., the only carryover from last year; Auburn, Calif., and Hamtramck, Mich.

The other entries are Oahu, Hawaii; San Juan, Puerto Rico; Valleyfield, Ontario, Canada, and a European team whose identity was still not known last night.

Auburn's first game is Wednesday, against Gadsden.

## Laos Troops Surrender 2 Points To Red Rebels

VIENTIANE, Laos (AP)—Government troops have surrendered two points only 60 and 50 miles from the Laotian capital to Communist rebels. Fighting spread toward the center of the Southeast Asia kingdom during the weekend.

Reliable sources said the rebel advance is threatening strategic communications and supply routes between Vientiane and the south.

Red partisans reportedly captured a military and police post near Pak Sane, 60 miles east of Vientiane, Saturday.

Sop Vieng, a town about 50 miles northeast of Vientiane, fell Friday.

The Defense Ministry did not confirm the reports, saying the

Foreign Ministry had ordered that no further communiques be issued about Laos' struggle against pressure from Communist North Viet Nam and Red China. The rebels are pro-Communist Laotians who have been trained and equipped by the North Vietnamese.

The sporadic fighting that started late in July had until now been largely confined to the northern provinces of Sam Neua and Phong Saly.

About 20 per cent of Sam Neua reportedly is under Communist control. Defense Secretary Col. Phoumi Nosavan has said the city of Sam Neua can be held against rebel attacks but indicated there is little hope of holding much else in the province.

### 105 MEN CHIP IN

## Scrap 'Ransom' Offered To Save Old Battleship

SEATTLE (AP)—Is the battleship West Virginia worth her weight in scrap iron?

A Seattle auto wrecker says she is. He says he and 104 other guys are willing to put up the scrap to save her from the scrapheap.

The West Virginia, smashed in the Japanese attack on Pearl Harbor but later rebuilt, is now at the Puget Sound Naval Shipyard in Bremerton.

Last week, the Navy sold her to a New York metal company for \$781,289.89. The company said it would scrap the battleship on the West Coast because she's too big to go through the Panama Canal.

"It's a crime," said Trudeau. "She's a beautiful vessel. They just don't make them like that any more."

So Trudeau, who has long cherished the dream of a float-

ing museum, got busy on the telephone.

By yesterday, he said, he had put together a group of 105 men—junk merchants, farmers and automobile dealers—who had pledged a thousand tons of scrap.

He fired off a letter to the Union Metals and Alloys Co. of New York offering equal tonnage of scrap for the big battleship.

Where is the scrap coming from?

Well, said Trudeau, an automobile dealer promised 25 old cars. Farmers pledged their rusty old ploughs. Carnivals and lumber mills chipped in with obsolete equipment. And so on.

How much will it take to ransom the West Virginia?

"I don't know," said Trudeau. "I never weighed a battleship."

### Navy Tradition

WOODBRIDGE, N.J. (AP)—The eight sons of Mrs. Mary Schmeil have created a patriotic family tradition.

All eight have at one time or another served in the Navy. The family has spent an aggregate of 45 years in the service.

## Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special Announcement) has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

## Machinists Strike Coast Shipyards; Bay Projects Idled

SAN FRANCISCO (AP)—Machinists struck West Coast shipyards today in a dispute over wages.

In the San Francisco Bay Area alone, the strike halted work on new construction and ship repair jobs amounting to approximately 100 million dollars.

The biggest bay shipbuilder hit was Bethlehem Steel, where pickets appeared at the yard's main gate before 7 a.m. The plant employs 2,300.

Bethlehem said the walkout would delay completion of the 32,650-ton tanker Challenger, launched last week, and construction of two new 11,000-ton cargo vessels for American President Lines.

The strike also stops work on conversion of the cruiser Oklahoma City to a guided missile vessel.

Union leaders called the strike last night after a fruitless session with employers and federal conciliator Ralph Patterson.

Around 1,200 machinists, 600 of them in the San Francisco Bay Area, are affected directly, but an estimated 7,000 to 9,000 other shipyard workers are expected to refuse to cross their picket lines.

Patterson said the session yesterday ended with the two sides only eight cents apart on their bargaining figures, but when the union offered to meet again today the employers said it would be of no use if picket lines are going up.

The union previously had set the strike for today if no agreement had been reached on replacing the contract which expired June 30.

The union's membership has rejected a 24-cent package increase offer for a two year contract, including a seven-cent hourly raise this year, another next year and a 10-cent pen-

sion trust contribution by management starting next May.

The union wants a 15-cent wage hike this year and seven cents next year, said Floyd Smith of Seattle, chief IAM negotiator. He said this is parity with "downtown machinists."

### 5 RECAPTURED

## 6 Convicts Saw Way Out Of Iowa Prison

FORT MADISON, Iowa (AP)—Authorities on both sides of the Mississippi River sought today the last of six Iowa convicts who sawed their way out of the state penitentiary yesterday.

It was the second such escape from the century-old gray-walled institution in three months. Four long-term prisoners sawed through outside window bars after overpowering guards last June. They were recaptured next day.

One of yesterday's escapees, Charles Robert Wallerick, 25, was captured today by Illinois State Police in Dallas City, Ill., across the river from Iowa.

Still at large was Arlie Harrison Elliott, 25, who drove a stolen car through a police roadblock north of Fort Madison, crashed the bullet-punctured auto in a ditch and fled on foot.

Three of the convicts held a minister's wife and her three children hostage more than two and one-half hours before they gave up yesterday. Although threatened, the family was not hurt.

The other prisoner was captured in the woods near the prison shortly after the 9 a.m. break yesterday.

The six men, armed with home-made knives, broke out during prison church services. Rev. William W. Swift was away conducting services at St. Luke's Episcopal Church here and in a mission at Montrose when three of the escapees, Charles Carlyle, 30, Ronald Bessler, 22, and Samuel Parras, 40, broke into his house less than a mile from the prison.

Mrs. Swift, and her children Olivia, 5; Bill, 3, and Charles 10 weeks, were home.

"One of them (Parras) had a

## Truck Strike Hits E. Bay

SAN FRANCISCO (AP)—The Teamsters Union strike which has tied up trucking in San Francisco spread today with the dispatch of pickets to key East Bay freight terminals.

Teamsters Local 85 sent pickets across the bay this morning into the territory of Local 70, which was not involved in the strike previously.

About 10 locations were selected for initial picketing by three-man teams.

Members of East Bay Local 70 presumably will respect picket lines established by the sister local. Oakland police said they anticipated no trouble.

The move into the East Bay was permitted by a ruling of Superior Court Judge Orla St. Clair, who held late last week that the striking local in San Francisco has the right to picket peacefully branch offices of struck San Francisco firms.

George Hillenbrand, federal mediator, today hoped to get both sides together for renewed talks.

## LINER'S CAPTAIN PROVES TOO ATTENTIVE—LOSES HIS JOB

LIVERPOOL, England (AP)—Britain's Cunard Line has fired the skipper of its 27,000-ton liner *Britannic*, reportedly for being too attentive to a woman passenger.

Capt. James D. Armstrong, 55, tersely confirmed his dismissal from the line he has served for 30 years.

"It's all because of an alleged incident at the captain's table during an Atlantic crossing," he said, adding that he had turned the matter over to his lawyers.

A friend was more explicit:

"It is the captain's duty to entertain passengers at his table," he said. "This of course includes women passengers."

"It is not easy to know when you are overstepping the mark in some people's view. I understand there was a complaint following the *Britannic's* crossing from New York to Liverpool in June."

## Continued Hike In Hospital Costs Forecast

NEW YORK (AP)—Hospital costs—at an all-time high—will continue to spiral at about 5 per cent a year, the new president of the American Hospital Assn. said today.

To assure the public that its hospital bill "isn't being padded," Dr. Russell A. Nelson of Baltimore also said he favors a "bank examiner" system for hospitals across the nation.

### ANNUAL MEETING

It is understandable that "the public will resist further increases in hospital costs," Dr. Nelson, director of Johns Hopkins Hospital, said during an interview as the 61st annual meeting of the AHA convened in New York.

That is why, he said, the bank examiner system, "functioning something like the Good Housekeeping seal of approval, would help to clear the air."

"Let's face it," he said, "most hospital bills read like a Chinese treaty—and people mistrust them."

### THREE FORCES

Returning to the bigger pain in the pocketbook in months and years ahead, Dr. Nelson said three forces are bound to boost hospital costs.

They are bigger salaries for non-professional workers, inflation and advances in medical science.

The latter, he said, will mean more intense and costlier care. With or without hospitalization, he said, there is a trend to boost salaries of non-professional workers in hospitals.

### Frank Talk

MONTPELIER, Vt. (AP)—Rep. George H. Brush, 74, said during debate on a mental health bill that "four-fifths of the members of this House are mentally retarded and they don't know it."

## Blaze In Crowded Jail Kills 8, Injures 12

TOMS RIVER, N.J. (AP)—A trusty gave the inmate of a padded cell smoking materials as "an act of kindness" that inadvertently led to a fire which killed eight inmates of the Ocean County Jail and injured 12 persons, Prosecutor Howard Ewart said today.

Ewart said it was determined that one of two trustees gave either a lighted cigarette or a cigarette and matches to the prisoner in whose cell the blaze erupted.

Ewart's office was one of several agencies investigating yesterday's fire at the two-story jail.

Gov. Robert B. Meyner and County Sheriff Harry Roe also began inquiries into the blaze. At the time of the fire the jail, with a recommended capacity of 28, housed 65 prisoners.

The inmate of the padded cell was awaiting transfer to a state mental hospital.

Ewart said it could never be determined whether the fire was started intentionally or began accidentally, because "nobody saw him (the prisoner)."

The prosecutor said "there is nothing vicious" in giving the man a smoke. It was "an act of kindness," he said.

Ewart declined to identify the trusty who passed the smoking equipment to the prisoner, 35-year-old General Peterson of Philadelphia.

Peterson's cell, padded with foam rubber, burst into flames and spewed fire in all directions. Seven inmates of nearby cells suffocated.

The prosecutor said "the sheriff and wardens of the jail might be held to account" for the fire. He said the trusty's act in passing a cigarette to Peterson did not constitute a serious crime.

Roe noted that the jail had no fire escape and only a ground floor exit for the inmates.

## Driver In Chase To Face Court

Jack Watson Jr., 20, of Rodeo, who wrapped his car around a tree on Sir Francis Drake boulevard after an 80-mile-per-hour chase by San Anselmo police last Friday, faces several charges including drunken driving.

Free on \$350 bail, Watson is scheduled to appear in Marin Municipal Court Friday afternoon to face charges of drunken driving, driving with a suspended license and liquor law violations.

San Anselmo police said they chased Watson's fleeing car along Sir Francis Drake boulevard to Butterfield road, where the vehicle hit a tree. His two passengers, a boy and a girl, were severely injured.

## Probe Of Widow's Death Continues

SIERRAVILLE (AP)—The search by Sierra County officials continued today for any clues to the death of Mrs. Pearl Ida Putney, whose bones were found near an isolated logging road six miles from here Aug. 16.

Sheriff's deputies have conducted daily searches through the area, looking for personal effects. But so far they've found nothing that might have belonged to the 72-year-old Washington, D.C., widow.

Officials believe Mrs. Putney was strangled.

Chief suspect is Larry Motherwell, 42-year-old construction worker who left a Marysville motel with Mrs. Putney Aug. 15, 1958, the last time she was seen.

Infrared rays are used both for brooding of chicks in the United States and for heating of cathedrals in France.

## PUBLIC GOES TO PRISON—TO SEE ART SHOW

Crowds attended the two-day fifth annual San Quentin Prison inmates' art and crafts show Saturday and yesterday. Part of the show adjoining the prison employees' recreation building is seen

in this photo. There were plenty of sales, with each prisoner receiving 90 per cent of the sale price of his work of art, to be held for him until the day he gets his release. (Story on page 5.) (AP Photo)

'HOSTILE' PAINTINGS—This section of San Quentin Prison art show was made up of paintings done by "hostile" inmates for psychiatric purposes.

Members of public thronging annual prison art show seem to find them fascinating. (Independent-Journal photo)

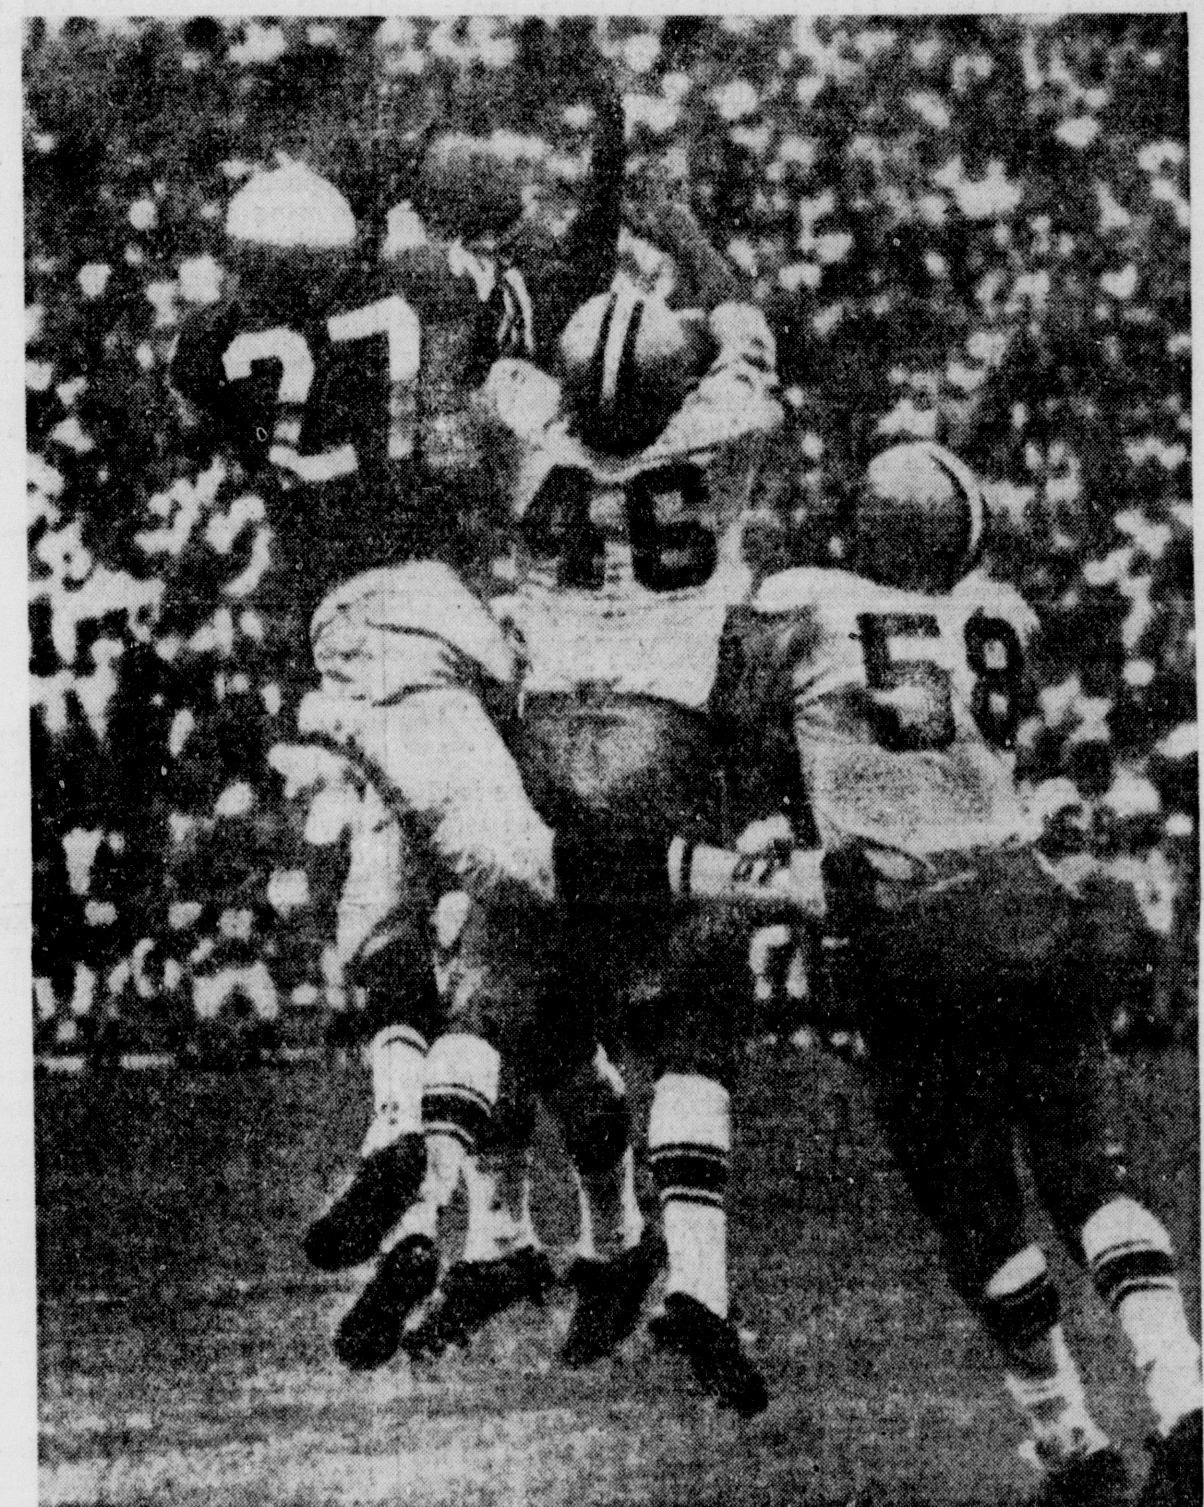

## 49ER JUST CAN'T ESCAPE

Jim Pace, who shared the burden of the San Francisco 49er rushing attack with Joe Perry in yesterday's 17-24 loss to the Green Bay Packers, is tackled by Gremminger of Green Bay after only a one-yard gain. (Independent-Journal photo by Dick Steinheimer)

MAC GATHERS IT IN—Hugh McElhenny hugs a pass to his bosom before starting 24-yard run to Packers' seven-yard line in second quarter of National Football League exhibition game at Kezar Stadium. The run was Hurryin' Hugh's longest of the day. He caught three passes for a total of 33 yards. (Independent-Journal photo)

LEMME HAVE IT!—Everybody, it seemed, was in the air after Y. A. Tittle's 39-yard "alley oop" pass in the closing moments of yesterday's

grid game. But R. C. Owens (27) gathered it in, almost at the Green Bay goal line. But only almost—he came down a yard short of a touchdown. (AP Wirephoto)

PAY DIRT FOR THE 94ERS—Jim Pace climbs over his own interference to put the ball in the end zone for 49er touchdown in final quarter of San Francisco-Green Bay game. The 49ers made a stirring comeback in the closing quarter after veteran Y. A.

Tittle took over the quarterback chores, but wound up one touchdown shy of a tie. This photo was taken from stands by Carleton Williams, Independent-Journal reporter-photographer, with telescopic lens on 35-mm camera.

ALMOST THE WHOLE WAY—Packer rookie George Dixon scampers toward goal line in 96-yard run that was highlight of yesterday's 49er-Green Bay game. Dixon started from two yards back in the Packer end zone, came within six yards

of 49er goal before San Francisco's fleet-footed Dickie Moegle, here seen in hot pursuit, hauled him down. The play set up a Packer TD, anyhow. Highly interested are Packer players who have risen from the bench to watch the chase. (Independent-Journal photo)

'EXCELLENT START'

# President Of New Auxiliary Reports On Year's Progress

Last summer, women in eye-catching uniforms of red and white candy stripes appeared for the first time at San Rafael General Hospital. They were members of the hospital's new auxiliary.

Mrs. Lawrence P. McNear, who organized the group with the help of Mrs. Walter Lethbridge and Mrs. Leiton J. Elder, was elected president. This week she looked back over the auxiliary's first year and said with enthusiasm, "I believe we have made an excellent start."

The group was formally organized in the fall and now belongs to the national organization of hospital auxiliaries. Members are known affectionately among staff, doctors and patients as "the ladies in candy stripes."

In establishing the auxiliary, Mrs. McNear set a policy of slow, steady growth. This has proved a wise course, she believes.

"They come to us," she commented, speaking of the present 27 members, "and we therefore have had almost no drop-outs. The women find the work extremely satisfying," she added.

The volunteers supplement the work of the regular staff, performing such chores as arranging flowers, delivering mail and newspapers, taking the book cart around, and running errands for patients in the nearby downtown area of San Rafael.

As membership grows and the volunteer program is integrated more and more firmly into the hospital schedule, duties will expand, Mrs. McNear explained.

She added that in the future, there will be more fund-raising activities to benefit the hospital. The auxiliary's first project is to re-decorate the main waiting room, and its fund for this is expected to be augmented considerably by proceeds from a Sept. 22 fashion lunch at Riecke's.

## NEW AUXILIARY

Mrs. McNear also hopes in the near future to form a junior auxiliary. This would complement the work of the Senior Girl Scout Hospital aides, which she also helped to organize several years ago.

It has been gratifying to Mrs. McNear that the community has responded generously to some of the auxiliary's special needs, such as building up the book cart and keeping the magazines up to date.

Many individuals and groups, such as the Scouts (both girls and boys) and Camp Fire Girls, have contributed scrapbooks and tray favors for patients. F. C. Burns Florist sends a nosegay to every new mother. The West End Nursery of San Rafael loaned living Christmas trees last year, and has offered to do it again this coming season. And the I-J's circulation manager, Julian Leone, contributed a new newspaper rack for the waiting room.

"We are very grateful to all of them," says Mrs. McNear, "and to the many anonymous donors who leave books and other things—but no names."

San Rafael General, founded in 1905, is the county's pioneer hospital. Mrs. McNear observed, but its auxiliary is the youngest. It was formed only a few months after the hospital became a voluntary non-profit institution, after more than fifty years of private ownership.

As the youngest auxiliary, said its first president, it could, and did, learn from the other groups.

She gives a lot of credit for

the first year's success to the "parent organization," the Service League at Marin General Hospital. She was one of 17 women called together to organize the league and was a member of the founding board.

## PIONEERING

"We did the pioneering there," she said, "and learned a lot. When the San Rafael General auxiliary came into being, it was easier to work out a program, because of this. We also learned from the Ross Hospital volunteers."

Mrs. McNear believes strongly in cooperation between the volunteer groups of the county's three general hospitals. During National Hospital Week in May, she invited representatives of the three groups to lunch at her home on McNear's Point.

"It was a very stimulating meeting," she said, "with good feeling among the women who were there. We decided to make it an annual event, and may even have other meetings during the year to discuss matters of mutual interest."

"I believe," continued Mrs. McNear, "that every volunteer working in our hospitals is valuable not only for the work she does but as a public relations agent for her own hospital and hospitals in general. Through her knowledge and experience behind the scenes, she can help to explain the need for understanding and supporting our hospitals, for knowing what some of their problems are such as rising costs and the large number of employees needed in order to give good patient care."

"She can also help in telling the public about the enormous good work done at our hospitals in saving lives and restoring health."

FIRST PROJECT of the San Rafael General Hospital Auxiliary, a year old this summer, is to re-decorate the main waiting room. Here the auxiliary president, Mrs. Lawrence McNear, center, looks over drapery material

with Mrs. Eldred Hillis (left) and Mrs. Fred F. Enemark. Mrs. McNear discusses the auxiliary's first year and its plans for the future in the accompanying article.

## ON SATURDAY

# Purcell-De Benedetti Vows Exchanged At St. Raphael's

Urns of mixed white flowers were at the altar of St. Raphael's Church on Saturday when Joy De Benedetti of San Rafael became the bride of Francis Andrew Purcell Jr., of Palm Springs.

The bride is the daughter of Mr. and Mrs. Frank John De Benedetti of San Rafael, and the bridegroom is the son of Dr. and Mrs. Francis Andrew Purcell of Palm Springs.

The Rev. Richard Knapp officiated for the 10:30 o'clock double ring ceremony.

Given in marriage by her father, the bride wore a white peau de soie gown. The neckline and three-quarter sleeves

were trimmed in Alencon lace. An apron of Alencon lace was featured over the skirt which ended in a chapel train. Clusters of peau de soie roses were applied on the hemline of the train. A lily of the valley coronet held her bouffant veil and she wore short white kid gloves and carried a nosegay of lilies of the valley.

Mrs. William Hotchkiss of Portland, Ore., as matron of honor for her twin sister, was gownned in pale green chiffon. She wore a rose petal hat with matching shoes and handbag. The handbag was designed with clustered roses.

Lawrence Purcell of Palm Springs was best man for his brother. Ushers were William Hotchkiss of Portland; Frank and David De Benedetti of San Rafael, the bride's brothers; Joseph Dunn of Los Angeles; Charles Doud of Sausalito and William Temple Jr. of Oakland.

For her daughter's wedding, Mrs. De Benedetti wore a pink rose print water taffeta gown designed with a wide stand-out collar. She had matching shoes, hat and handbag.

The bridegroom's mother was gownned in pearl grey lace over pink taffeta. She had a flowered hat and matching shoes and handbag.

A reception for 350 guests followed the ceremony at the Linden Lane home of the bride's parents. Urns of Ru-

## It May Save Money

## AT ETS-HOKIN HOME

# Hadassah's Membership Luncheon Set For Aug. 25

The annual membership dessert luncheon and swim party of the Marin Chapter of Hadassah will be held at 1 p.m. tomorrow at the home of Mrs. Louis Ets-Hokin, Ames avenue,

Ross. This year's theme is "Hadassah—Heartbeat of Israel." Mrs. Norman Rogers of Palo Alto will be the guest speaker. Also, Florence Donnelly, society editor of the Independent-Journal, will be honored for her help to Hadassah in past years.

Mrs. Rogers, chairman of the leadership and training program and of the Speakers' Guild for the Central Pacific Coast Region, will describe the work of Hadassah. She recently returned from a six-week tour of Israel under the auspices of Hadassah.

The funds supplied by Hadassah have helped to heal and educate, both Jew and Gentile, for the past 27 years. This has not been an easy task. The war that followed the signing of Israel's Declaration of Independence in 1948 made it impossible to use the modern medical facilities at the Hebrew University on Mt. Scopus. The temporary facilities that were made available at that time grew into a dream that will be fully realized in 1960. Then the 25 million dollar Hadassah-Hebrew University Medical Center will be completed in Kiryat Hadassah, five miles west of Jerusalem. It will consolidate all medical facilities and house the only medical school in Israel.

Hadassah is also active in caring for the children who come to Israel from all parts of Europe and Asia. Under the Youth Aliyah program it has helped to educate and rehabilitate 90,000 children in the last 25 years. It maintains vocational schools throughout the country.

However, Hadassah does not work in Israel alone. In America, a comprehensive educational program is in effect. Most chapters are engaged in some study project pertaining to the Jewish way of life. The national organization supplies study guides and text books.

Mrs. Joseph Land, membership chairman, is in charge of Tuesday's party.

# INITIATION CEREMONY FOR BPWC

At a candlelight ceremony at tomorrow night's dinner meeting of the Business and Professional Women's Club of Marin County at the Alta Mira, five members will be initiated. The newcomers are Marguerite Terzich, Mary Chew, Evelyn Aman, Lucille Zentner and Anna Kosta.

The ceremony will be conducted by Dorothy Olsen, membership chairman and Frances Wayman, emblem chairman, who are in charge of the program. Brief talks by officers and chairmen will acquaint the new members with the club and the national federation. Ada Fuselman, a charter member, will tell of the club's beginnings.

Guest of honor will be Larita Pinney of Sebastopol, president of Redwood Empire District, BPWC. Dr. Betty Fawcett, Marin club president, will conduct the meeting.

## Valley Sewing Club

Mrs. William Roberts will be luncheon hostess to members of the Valley Sewing Club, an affiliate of Blythedale Rebekah Lodge No. 305, Wednesday, Aug. 26, at 12:30 p.m. at the IOOF Hall in Mill Valley.

Mrs. Walter Meyer, president, will preside at the 2 p.m. business session.

## Vacationing In South

Jill Vernon of San Rafael has been vacationing with her grandparents, Mr. and Mrs. Bruce Vernon and a cousin, Elaine Vernon, of West Covina at Town and Country Club in San Diego. The family is going to Palos Verdes and Buena Park on the vacation trip.

# A Back To School Program Planned For Tamal's Meet

A Back to School program has been arranged for the entertainment of Tamal Rebekah Lodge members following their meeting on Tuesday night, Aug. 25 at which noble grand Mrs. Paul Sproete, will preside. Preparations are being made by a committee headed by Mrs. George Beckley. Assisting are Mrs. Alec Walker and Misses Florence Abraham and Bessie Motes.

At their recent meeting, the members gathered early for a potluck supper with their families.

The district deputy president, Harry Wall, announced that she will pay an official visit to the lodge on Sept. 8.

# Carol Tartala Weds Ken Christensen

The First Baptist Church in Watsonville was the setting on Sunday when Carol Tartala, daughter of Mr. and Mrs. Anthony Tartala of Watsonville, well-known San Rafael residents, became the bride of Ken Christensen also of Watsonville.

Baskets of white stock and gladioli were at the altar for the 2 o'clock double ring ceremony. The Rev. Ralph Kraft officiated.

The bride, given in marriage by her father, wore a full-length white gown of Chantilly lace, taffeta and net fashioned with a scalloped Sabrina neckline, long sleeves and fitted bodice. The skirt had net layers over taffeta with inserts of Chantilly lace. She wore a cap of lace trimmed in seed pearls and a fingertip veil of illusion. White stephanotis and orchids formed the cascade bridal bouquet.

Barbara Tartala of Watsonville, as maid of honor for her sister, wore a shocking pink gown of silk organza fashioned with cap sleeves and a tucked bodice. A veil of pink applied with butterflies and seed pearls formed her headdress and she carried a bouquet of light pink carnations with pink streamers.

Bridesmaids Joyce Lewis, Sandra Smith and Carole Rustmoto all of Watsonville, wore dresses in light pink designed as the maid of honor's. They had matching veils and shoes and carried cascade bouquets of shocking pink carnations.

Julia Christensen, the bridegroom's niece, daughter of Mr. and Mrs. Tom Christensen Jr. of Fresno, was flower girl. She wore a gown of light pink silk organza over shocking pink taffeta and carried a pink carnation nosegay.

Johnny Jernigan, son of Mr. and Mrs. James Jernigan of King City, Calif., and a cousin of the bride, was ring bearer.

Tom Christensen Jr. was the best man for his brother and ushers were Douglas Tartala of Fresno, the bride's brother, and Gary Roberts and David Blivens of Watsonville.

For her daughter's wedding, Mrs. Tartala wore a raw silk sheath of Dior blue with matching veil and shoes and white accessories. She had a white orchid corsage.

The bridegroom's mother wore a fuchsia pink lace dress with pink feather hat, matching shoes. She had a white orchid corsage.

A reception for 300 guests followed the ceremony in the social rooms of the church.

For the wedding trip to Southern California, the bride wore a white pique sheath with matching jacket, lime kid purse and shoes and white orchid corsage.

The bride was graduated from Watsonville High School where she was a member of Nu Phi Mu Sorority. Mr. and Mrs. J. T. Brandon of Watsonville are her grandparents.

The bridegroom, who is the son of Mr. and Mrs. Tom Christensen of Watsonville, was also graduated from Watsonville High. He is employed at Portola Motors in Watsonville. Mrs. Anna Hansen and Mrs. Marie Christensen both of Fresno are his grandmothers.

The couple will reside in Watsonville.

PROCEEDS FROM the sales are earmarked for church needs and also philanthropic work of the Triple C. A kick-off luncheon for members will be held at the church on Sept. 2. Going over one of the books to be sold are, left to right, Mesdames Thomas L. Harris and Martin Knox. (Independent-Journal photos.)

ON THEIR WAY with clothing earmarked for the sale which is to be held in the Parish Hall of the Mill Valley Community Church are, left to right, Mesdames Ruth Lane, James Betts, chairman; and Clessie L. Cummins. Sale articles will be grouped into sections to facilitate buying and selling.

LITTLE WENDY BRADEN seems mighty interested in the baby dress which will be among the many articles on sale at the Mill Valley Community

Club's Opportunity Sale Sept. 11 through 19. Left to right, are Mesdames Walter Luzzader; Alan Shurlock, Lillian N. Cook, Wendy, and her mother Mrs. Marvin Braden.

## Marin Women

### AAUW Reading Arts Section To Hold Wine Tasting Party

Connoisseurs of fine wine will have an opportunity for tasting some of the best California has to offer on Saturday, Aug. 29, when samples from the Mayacamas Vineyards of Napa will be featured at a 4 to 6 p.m. party in Kentfield. Sponsored by the Reading Arts section of AAUW, the wine tasting will be held at the home of Mr. and Mrs. Gordon Cochran.

Mayacamas Vineyards was founded in 1947 by Mr. and Mrs. J. F. M. Taylor who bought the old Mt. Veeder Vineyards near Napa with the idea of transforming an ordinary fruit ranch into an extraordinary vineyard and winery which would produce the finest wine in California. Mayacamas wines are sold only from winery to consumer, but already their reputation has spread and connoisseurs have acclaimed them as being the equal of some of the finest wines made in France.

Hostesses for the party will be Mesdames Robert I. Christensen, Richard P. Rodriguez, John T. Schmitz, and Cochran. All are members of the Reading Arts section which is sponsoring this affair as one of the organization's summer "fun for funds" parties to benefit the new AAUW Educational Center in Washington, D.C.

The public is invited, but reservations must be made with Mrs. Christensen in advance.

### Hair Care

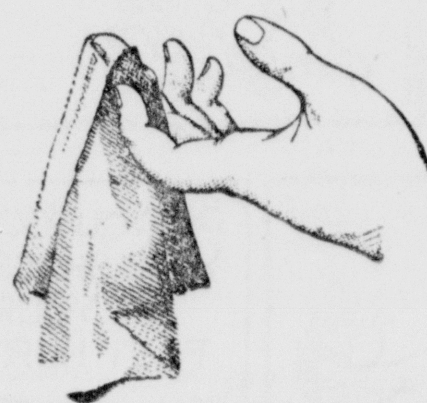

NEW YORK (UPI)—A bandana should find just as important a place in your purse or beach bag as your lipstick. Tie it around your head when your hair has had enough sun and wind.

Blondes, who want the sun to lighten their hair naturally, may want maximum exposure. But they should use care to counteract the drying effects.

### Prick The Plums

It's a good idea to prick fresh plums in several places before stewing them.

No. 31 of a series

### LOSE A DISHRAG ?

Most everyone has a tale to tell concerning wart cures. One goes like this—steal a dishrag, bury it . . . when the rag rots, the wart will fall off. Absurd, of course. But there are reliable treatments for warts, thanks to medical science. Physicians know them. Take advantage of the newer treatments and medications available. They can mean the difference between pain and comfort . . . between life and death. Let your doctor do the diagnosing and prescribing. Then come to us for quality prescription service.

## ST. HILARY'S CHURCH

# Kathleen Elinor Lewis Bride Of Robert Stewart Campbell

Before an altar decorated with masses of magnolia boughs and blue delphiniums in St. Hilary's Church, Tiburon, on Saturday, Kathleen Elinor Lewis, daughter of Mr. and Mrs. Mac-Boyle Lewis of Belvedere, became the bride of Robert Stewart Campbell of Glenview, Ill.

The Rev. James Foristal officiated for the 3 o'clock single ring ceremony.

Escorted to the altar by her father, the bride wore an ivory net over satin gown with fitted bodice and slight train. An heirloom mantilla of Brussels and Rosepoint lace was worn in Spanish fashion and she carried a cascade bouquet of ivory miniature roses and forget-me-nots trimmed with nylon net.

Molly Lewis of Belvedere was maid of honor for her sister, and bridesmaids, Deanna Fagrellius of Saratoga; Barbara Fly and Donna Hotchkiss of Piedmont, and Linda Haines and Jean Wilson both of Belvedere, were gowned in peau de soie opera blue gowns.

They were fashioned with bell-shaped sleeves, fitted bodices and bell skirts. They wore face veils held by tiny leaf bands of opera blue and had matching shoes. Molly carried

a shower bouquet of feathered, Harvest Moon carnations and the bridesmaids carried bouquets of feathered Mandarin carnations.

Charles Campbell of Glenview was best man for his brother and ushers were Mac-Boyle A. Lewis of Belvedere, the bride's brother, Dennis Mathewson, James Knapp, Raymond Hopper and Thomas Sheehan of San Francisco.

For her daughter's wedding, Mrs. Lewis wore a Dior blue sheath with fitted bolero jacket, matching veiled hat and Dior blue shoes. She had a corsage of white orchids.

The bridegroom's mother wore a dark blue satin sheath with double tunic under Chantilly lace. She had a white orchid corsage.

A reception for 220 guests followed the ceremony at the Belvedere home of the bride's parents. Magnolia boughs and blossoms, white stock and chrysanthemums were used in the rooms.

For a wedding trip East, the bride wore a brown and black check sheath with short jacket and black accessories. She had a corsage of cymbidium orchids.

Saturday's bride was educated at Dominican, Tamalpais High School and Verde Valley School in Sedona, Arizona. She was graduated from Stanford University and also attended the University of Madrid.

Mrs. Ernest N. Wright of Pasadena is her grandmother.

The bridegroom, son of Mr. and Mrs. Cecil R. Campbell of Glenview, was graduated from Stanford University. He was affiliated with Kappa Sigma fraternity. He is currently serving as an ensign in the U.S. Navy at Charleston, South Carolina.

## DOUBLE RING

# Austin-Bach Vows Exchanged On Saturday At St. Paul's

St. Paul's Episcopal Church in San Rafael was the setting on Saturday for the wedding of Gretchen Bach, daughter of Mr. and Mrs. Alfred C. Bach of San Rafael, and William Locke Whitney Austin of Honolulu, Hawaii, the son of Mr. and Mrs. David L. Austin Jr. also of Honolulu.

The Rev. Henry Getz officiated for the 3 o'clock double ring ceremony before an altar decorated with white gladioli and stock and white pikake leis and maile leaves.

Escorted to the altar by her father, the bride wore a full length gown of white lace over taffeta fashioned Princess style with long sleeves and hoop skirt. Her fingertip veil of illusion was held by a small cap of

lace and seed pearls. Her flowers were dwarf white and pink anthurium with a white six strand pikake lei entwined as a garland.

Mrs. William Block of La Crescenta, Calif., as matron of honor, and Mrs. James Fuller of Los Gatos and Deborah Shearman of Eureka, the bride's cousin, as bridesmaid and junior bridesmaid, wore gowns of aqua chiffon over taffeta fashioned with draped necklines. They wore bandeaux of aqua leaves and circular veils and carried bouquets of dwarf coral anthurium.

Stanley Woolaway of Honolulu was best man and ushers were Peter Bach, the bride's brother of San Rafael; Lee Austin of Honolulu, the bridegroom's brother, and Watson Bray and Rex Silvernale both of San Rafael.

For her daughter's wedding Mrs. Bach wore a pale green shantung sheath fashioned with an embroidered yoke. She had a white hat and white accessories and corsage of white Eucharist lilies. Mrs. Austin wore a pale gold Chinese silk sheath with matching accessories and brown, white and gold feather hat. Her corsage was of Cypripedium orchids.

A reception for 200 guests followed the ceremony at the home of the bride's parents on Margarita drive in San Rafael. Anthurium and bird of paradise were carried out in floral arrangements.

The Misses Marion and Kathy Bach, the bride's cousins were in charge of the guest book.

For a wedding trip to Carmel, the bride changed to a royal blue suit with a wool print blouse and black accessories. She had a corsage of white dwarf anthuriums.

The bride was graduated from Dominican Upper School and attended San Jose State College. She graduated from the University of Oregon in 1958, where she was a member of Gamma Phi Beta Sorority. She taught this past year at a private school in Honolulu and will teach this fall in Monterey.

The bridegroom was graduated from the Punahou School in Honolulu and recently completed four years of service in the U.S. Marine Corps. He is attending Monterey Peninsula College.

# S.F. Grab For Transit Funds Too Serious To Be Funny

Although we treated it lightly in this space last week, the recent demands of San Francisco's Mayor George Christopher and his special rapid transit committee are indeed serious.

The mayor et al claim that San Francisco has 40 per cent of the assessed valuation of the five county Bay Area Rapid Transit District. Therefore, they reason, 40 per cent of the money is being put up by San Francisco and should be spent there. They demand that the five county district provide local rapid transit inside San Francisco.

There are so many holes in this argument it is hard to know just where to start refuting it.

Most obvious one is the assumption that San Francisco gets no benefit from money spent on transit in other communities. The reason that transit is necessary is that the very life blood of San Francisco — and Oakland, too — the workers who man her offices and shops, the customers who patronize her businesses and stores, come to a large extent from out of town. They have to get into the city and so need transit.

Thus practically every dollar being spent on the whole project benefits San Francisco.

Not only that, but the mayor talks about "San Francisco putting up 40 per cent of the money." San Francisco isn't putting up anything; her taxpayers are. And every taxpayer in San Francisco puts up the same rate of tax every taxpayer in Marin, or San Mateo, or Alameda, or Contra Costa. The rate this year is 3.9 cents per \$100 of assessed valuation. Individually, San Francisco taxpayers don't put up a single cent more than anyone else.

Then there's this matter of 40 per cent. San Francisco does not have 40 per cent of the district's assessed valuation. Figures given the board of directors of the Rapid Transit District at their meeting last week, show that San Francisco has only 31 per cent of the total. That's one per cent less than it had last year. Alameda County is only one per cent smaller, with 30 per cent of the total value. And it, too, has a smaller percentage than it did last year.

As a matter of fact, the three "little" counties, which are constantly under fire as "getting more than their share," actually have a total assessed valuation higher than either of their big brothers. Together they have 39 per cent.

So it would seem that Mayor Christopher's grab for someone to finance improving San Francisco's own transit system would be highly amusing except for one thing: If San Francisco insists on local transit, so will every other county. If every county demands local service the cost will be so astronomical the whole idea of rapid transit will have become financially infeasible.

We have an opportunity of establishing an effective and realistic rapid transit system. We hope Christopher's greed won't keep us from seizing it.

## THREE MINUTES A DAY

By JAMES KELLER

### ROBS BANK FOR TROUSSEAU

A bride-to-be who wanted \$1,000 for a trousseau tried to acquire it by taking a short cut. She held up a bank in Brooklyn. However, a young teller upset her plans and she ended up in jail.

The 25-year-old sewing machine operator, due to be married to a soldier in a few months, said that she wanted a trousseau "just like any other girl getting married."

Her approach to the problem certainly was quite different than that of most young ladies contemplating matrimony. She figured that the easiest and quickest way to get the money she needed was to rob a bank.

But there was one thing she hadn't counted

on. The 26-year-old teller to whom she slipped a note demanding the \$1,000 in "ones, fives and tens" didn't take her seriously. "Are you kidding?" he quipped.

Frightened, she dashed out of the bank. But she was soon caught and jailed.

Earning one's way through life is not usually easy. But it is a sure way to gain heaven itself.

"Better is a little to the just than the great riches of the wicked."  
(Psalms 36:16)

Deepen in me, O Holy Spirit, the determination to be fair and honest under all circumstances.

### HAL BOYLE'S COLUMN

## Hater Of Alarm Clocks? You Can Blame Artist Leonardo Da Vinci

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you hate alarm clocks, you can also start hating Leonardo da Vinci, who painted the Mona Lisa. The artist, who died in 1519, also is credited with inventing the world's first alarm clock. It woke a sleeper by tickling his toes.

We're getting to be an around-the-clock civilization. Some 16 per cent of the nation's workers, not counting burglars, now perform their jobs between nine in the evening and six in the morning.

Comedienne Mimi Hines ap-

plied for a \$100,000 policy on her six buck teeth and was turned down.

Safety note: One of every four adults in the United States has been involved in an auto accident in which someone was hurt.

Lo, the poor Indian: Some 300,000 of America's 500,000 Indians still live on reservations. The government spent only 11 million dollars on Indian welfare in 1923. Last year it was 163 million.

Nature note: Most spiders have eight single-lens eyes, which enable them to see in eight directions at once. Un-

fortunately, they don't see much. Spiders are near-sighted.

A survey by the Bon Ami Institute found more little boys than ever before are now helping mother do the family dishes. Helping mother? Don't they mean father?

Do you hoard old toothpicks for fear of shortage? Well, stop worrying. A billion forest trees were planted in the United States last year.

THIS WEEK'S most depressing statistics for people who can't stand rock 'n' roll music: By 1965 America will have 24 million teen-agers.

Can you spell better than your wife? If so, you've got an unusual marriage. Although most men believe they can spell better than women, actual studies indicate they can't.

Premier Nikita Khrushchev doesn't want to see America any more than do the people who live here. Last year more than 90 million American travelers spent over 15 billion dollars seeing the sights of their own land.

IN SHOW business the adage that "clothes make the man" is taken seriously. Example: Singer Frankie Laine, who earns up to \$800,000 annually, spends about \$10,000 a year on clothing.

Woman's work is never done. One third of all U.S. women now hold jobs outside the home. The 22 million women in the labor force include three of every 10 married women, and 2½ million women who have children under six years.

## WHAT OUR READERS SAY

### Why Can't We Get Waited On?

EDITOR,

Independent-Journal:

My concern is not an idle one.

In shopping locally, and we like to do all of it that we can

locally, I am very much concerned to find that there seems to be a great lack of concern on the part of the clerks in some of our stores. There are sometimes more clerks than customers and still you can't get waited on.

Today (Friday, Aug. 21) made the third trip that I

have made into Montgomery-Ward after a set of spark plugs for my car. I couldn't get waited on.

I thought that I would visit a few other stores and see if it might be different.

I went to Ed's Auto Supply, no luck. I then went to Grand Auto Supply; no luck. I even stood where clerks had to walk around me; still no luck.

I see that these and other businesses spend large sums of money for advertising, but when business comes in the door they let it walk away. Why?

We live here and we shop here, and we want to see our city grow. It seems to me that one good way to help would be to do something about this shortcoming and also, when the stores see that they don't have the merchandise that the customer is looking for, they should offer to obtain it for him instead of saying, as I was told in Macy's: "You will have to go to the city store for that." The customer would very likely spend another hundred dollars for something else while he was there.

M. R. THOMAS  
San Rafael

year, the gross violation of democratic institutions by the Communists in Kerala.

BUT THERE ARE other reasons which have contributed to turning the tide. American economic aid has helped. More Asians are coming to see that the SEATO military alliance is a deterrent and shield against aggression. Our refusal to withdraw from the off-shore islands in the face of Communist fire heartened all the free Asian governments.

Obviously this is no time to weaken or alter U. S. policies, including economic aid and non-admission of Red China to the U. N., which helped to bring about these results.

## TRY AND STOP ME

BENNETT CERF

Two pants manufacturers found themselves, by means that defy description, in darkest Africa. The more nervous of the two clutched his friend's arm and quavered, "Don't look now, Morris, but isn't that a tiger following me?"

"Tiger shmiger," shrugged the other. "How would I

know? Am I a fur importer?"

When Teddy Roosevelt was campaigning in the West, a delegation of prim ladies urged him to come out openly against a senatorial candidate from Utah who was a power in the Mormon Church. "Ladies," asserted T.R., "I prefer a polygamist who does not poly to a monogomist who does not monog."

T.R. never let a typed letter go out from his office during a presidential campaign without making a correction or adding a postscript by hand. When his typist asked if she was doing something wrong, Roosevelt assured her, "Not at all. But I've discovered people treasure a letter from the President more when he's added something in his own handwriting."

## I-J REPORTER'S NOTEBOOK

By LARRY LOVETT

### Marin Developers Discuss Best Way To Get Airport, Rob Bank

Directors of Marin Industrial Development Foundation gathered for an important luncheon meeting at the Alta Mira in Sausalito last Wednesday to lay plans for a program seeking county-wide support for an airport at Pt. San Quentin.

Members are leaders in the county's business life and the serious purpose was evident to all.

While the luncheon was in progress and before speakers were heard, these same leaders discussed with a professional approach an event of the day before. The discussion centered on the technique employed by bank robber Dugie Williams in his hold-up of the bank at Pt. Reyes.

It should be added that opinion was not unanimous on his operation.

RITA GRAVES, whose portrait studio on Tiburon's Main Street has attracted many a passer-by, has been displaying a large swinging frame with a photo on one side that appears to be the "Mr. Clean" symbol of a much advertised new cleaning product.

The arms-folded model is actually Danny Miller, bartender at Sam's Anchor Cafe. On the other side is a portrait of what appears to be Harry Truman.

This model is in fact local citizen Frank Hardaway.

Last week end, the frame and pictures were stolen. Photographer Graves is wondering whether the thief saw some political significance of combining Harry Truman with something clean or whether there is even a deeper significance.

So far as she is concerned, there will be no questions asked if she gets the frame back.

A POSSIBLE Mill Valley civil war appears in the making.

### MORE LOCAL HIERARCHY

## Pope Taking Colonial Flavor Out Of Church

[By DANIEL F. GILMORE] VATICAN CITY (UPI)—Pope John XXIII, with an eye on nationalist surges in Africa and elsewhere, is quietly taking the "colonial flavor" out of part of Catholic Church administration abroad.

There is no thought of relaxing any of the ties to Rome or of the supreme authority of the Pope.

The idea is to have the Roman Catholic Church in each country run locally by natives of that country—in Africa by the Africans and not by Italians, Americans, French or other nationalities.

ALL THIS WILL take time. But the increasing number of appointments by Pope John of native bishops and auxiliaries and the erection of new dioceses in former mission territory shows that the Vatican is hastening a program which has been in progress for centuries. The late Pope Pius XII alone appointed more than a score of African bishops.

The new and old worlds on either side of the Atlantic have their own cardinals, hierarchy, local priests, universities and seminaries.

But a vast part of the world, including almost the entire continent of Africa, is still "colonial" church administration—in the sense that in these areas there is no local native hierarchy or dioceses.

"Foreigners," regardless of their good intentions, run the church locally in these regions.

SOME 50,000,000 OF the

### 10 YEARS AGO

Robert Frost, Sausalito postmaster believed to be the only Marin postmaster remaining throughout the Franklin D. Roosevelt era, died unexpectedly of a heart attack at his home.

The library trustees want to remove a plum tree from its entrance way because plums make a mess all over the place.

The Parks and Recreation Commission says nothing doing. Just trim it and get the kids to harvest the plums.

We haven't found out yet who's senior to whom or whether Mayor Bob Huber will have to play the part of Solomon.

MILL VALLEY City Attorney Tom Nelson, a widely known and respected citizen, gave further evidence of his position in the community last Wednesday when he received a letter which carried on its face only a photograph of Tom addressed to Mill Valley, Calif.

The letter contained only a brief note from Stan Wilson, former publisher of the Mill Valley Record, inquiring as to Tom's good health.

GELBERT S. BROWN, attending a recent meeting of the Reed School trustees, was interested in a discussion relative to the district possibly acquiring some land in which he was interested.

Some of the trustees, fearing that public discussion might adversely affect negotiations, spoke of considering the matter only in a non-public executive session. Other trustees, mindful of the state's Brown Act, which limits the type of business which may be considered at such meetings, referred several times to possible repercussions "due to the Brown Act."

Mr. Brown, unfamiliar with the subject, became uneasy and finally demanded to know the significance of these remarks about his act or acts. Trustees explained the significance, assuring him there was no personal connotation.

world's half billion Catholics live in areas with no local hierarchy, or with a native church leadership still in the incipient stage.

Authority over these vast "mission territories" and other areas is vested in the sacred Congregation for the Propagation of the Faith, in Rome.

The driving power behind this "colonial office" is Gregory Peter Cardinal Agagianian, the energetic Armenian Patriarch who was listed by many as a prime papal candidate after the death last year of Pius XII.

Pope John was elected, but he has delegated extremely important church work to Cardinal Agagianian.

This bustling 64-year-old cardinal is now on a vast tour, ranging from the Lebanon across Asia and down to Australia. It is his second trip to the Far East this year.

Forthcoming consistories undoubtedly will see the naming of Negro cardinals from Africa. Future popes could be Negro, as well as from any other race.

### The Country Parson

"All we expect of our friends is that they overlook our shortcomings—and have none of their own."

### THE CYNIC'S CORNER

By Interlandi

"You mean, they repeat programs from last fall . . . what a dirty trick to play on stay-at-home vacationers!"

"Arsene Lupin Returns," starring Melvyn Douglas and Virginia Bruce. A famous burglar comes out of retirement when some one else starts using his famous trademark.

New Missile  
Weapon Hinted  
By Doolittle

LOS ANGELES (AP) — The possibility that the United States has an ocean-spanning missile that is smaller and cheaper than anything in Russia's arsenal was raised today by James H. Doolittle.

"In five years we have almost caught up with the Russians," the retired Air Force lieutenant general said, "despite the fact that they started an intensive program eight years before we did."

"In some ways we are probably better off than the Soviets because—in all likelihood—we have a more compact, smaller, cheaper ICBM than they have."

Doolittle, now board chairman of Space Technology Laboratories, referred to the intercontinental ballistic missile rivalry in a speech opening a four-day meeting of the nation's space experts.

Doolittle admitted Russia has more powerful rocket boosters and said that country has "cleverly exploited" them in space probes.

WORLD NEWS IN BRIEF

**Lawyers Hear Cohen**  
MIAMI BEACH, Fla. (AP) — More than 100 attorneys listened to a balding, chubby "Professor O'Brien" at a professional seminar and most of them appeared not to realize their lecturer was Mickey Cohen.

Cohen took part last night with Melvin Belli, widely known San Francisco trial lawyer, in a discussion of the latter organized. Belli last week successfully defended Cohen in a Los Angeles assault case.

**Fire Kills Five**  
PAMPA, Tex. (AP) — Five members of a family died yesterday in a fire that swept a three-story apartment building.

**Tankers At Travis**  
FAIRFIELD, Calif. (AP) — Jet powered flying service stations will be available at Travis Air Force Base beginning in December, the Air Force announced today. Boeing KC135 Stratotankers will activate the 916th Air Refueling Squadron and will service the Strategic Air Command's 5th Bombardment Wing.

**Khrushchev Writes**  
PARIS (AP) — Soviet Premier Nikita Khrushchev has sent notes to the western Allies expressing Russian determination on the Berlin situation as a prelude to his talks with President Eisenhower, diplomatic sources said today.

The latest note to West German Chancellor Konrad Adenauer was delivered yesterday in Bonn. Diplomatic reports said Khrushchev letters also had been sent to France and Britain, and British press reports said there had been a note to Washington as well.

**Southland Quake**  
LOS ANGELES (AP) — An earthquake rattled windows yesterday in parts of Los Angeles and Orange counties. Residents in Fullerton, Anaheim, East Whittier, Pomona and Covina reported feeling the jolt. There was no damage.

**Author Thayer Dies**  
NANTUCKET, Mass. (AP) — Tiffany Thayer, 57, author of many novels including "Thirteen Men," a best seller of the 1920s, died yesterday.

**Pier, Vic Split**  
HOLLYWOOD (AP) — Singer Vic Damone says his attempted reconciliation with actress Pier Angeli has failed — this time for good.

**N.Y. Gang Violence**  
NEW YORK (AP) — Police said a 15-year-old boy has confessed firing a volley of bullets that killed a girl and wounded two of her companions.

The shooting was one of a series of violent outbreaks last night as street gang violence flared in Manhattan's lower East Side. Two other youths were stabbed and two more shot in other incidents, which police said were part of a chain reaction set off when one gang invaded another's territory.

**Truman Plans Books**  
INDEPENDENCE, Mo. (AP) — Former President Harry S. Truman is planning to write two new books.

The first will be entitled "Mr. Citizen," and will cover Truman's transition from president to private life.

The second will be a history of the United States aimed at youngsters between the ages of 10 and 16.

**Western Heat Wave**  
By U.P. INTERNATIONAL  
The country east of the Rockies baked and sizzled today under a scorching August heat wave. There was little relief in sight. Much of the midlands and the West Coast cooled off for a time yesterday, thanks to some welcome showers.

LAW IN ACTION  
How Compensation Act  
Aids California Workers

(This column, prepared by California lawyers so you may know more about our laws, appears regularly in the Independent Journal.)

Under early law an employer not at fault did not have to pay his workers when they got hurt on the job.

But since 1911 California made an employer responsible regardless of fault for injuries to his workers, under the Workman's Compensation Act.

Industry pays for medical care and rehabilitation of the injured and pays disability indemnity while absent from work. If he is killed his dependents receive a sum of money.

Industry pays this mostly through public or private insurance funds. Big employers often carry their own insurance.

Insurance rates vary from job to job depending on the risk, for example—low, for office workers; high, for bridge builders.

The worker and the insurance company often get together and with approval of the Industrial Accident Commission settle the claims. If not, the commission decides what the worker has coming.

Before payment, a worker

More U. S. Homes  
In Cities, Suburbs

WASHINGTON (AP) — Two out of every three American homes are now located in cities or suburbs.

The Census Bureau reported that 64 per cent of the 51,300,000 U.S. households are in urban areas, 26 per cent in the country but not on farms and 10 per cent on farms.

The figures showed that all households had increased by 7,700,000 since 1950. The 18 per cent increase during a nine-year period outstripped the over-all increase in population, which was 16 per cent.

Under the law these terms have broad meanings: In one case a California worker got compensation for injuries at a New York convention while entertaining a woman at his hotel.

Even a worker hurt when others horseplay on the job can get paid. Does he get paid if hurt while at meals? Perhaps so, if he eats on the boss' premises; but not at a coffee break away from the plant.

A worker hurt going to and from work doesn't as a rule get compensation; but he may, if hurt while also on an errand for his boss.

Third Season  
For Choral  
Opens Sept. 2

Rehearsals for the third season of the Winifred Baker Choral will begin Sept. 2, 7:45 p.m., in Angelico Hall, Dominican College, San Rafael.

Three concerts by the choral are planned for the 1959-60 season, with the first public performance slated for late November.

American Legion, Lloyd Andrews Hamilton Post 540, 8 p.m.,

Water Pail  
Jails Boy In  
Auto Theft

Ordinarily a young fellow emerging from behind a service station with a pail might be suspect of gasoline theft.

But not the 15-year-old San Rafael boy San Rafael police picked up at a service station at 2222 Fourth street early yesterday.

He was carrying a bucket of water.

Reason: Police said he was trying to cool off the engine of the 24-year-old sedan he had "borrowed for a joyride."

At first he told police he had been let out by some friends after a movie, but then police investigated a nearby car and found its water temperature gauge at 212 degrees.

It further developed the boy had become restless about midnight, so he left home with his dog and went for a walk. Then he found the car at the service station and noticed the ignition was turned on.

After riding around awhile he found it was getting hot and returned to the service station to cool it off.

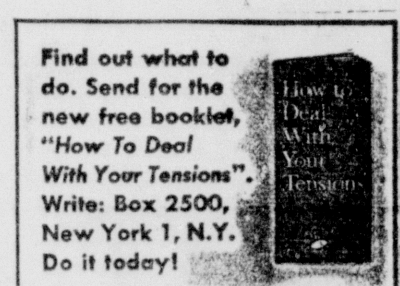

He was booked at the county jail on a charge of car theft and turned over to juvenile authorities.

1 out of 10

of our fellow Americans has a serious mental problem. You certainly know at least one such person. Maybe it's even someone in your own family.

How can you help? By treating this person with understanding. You see, doctors say the understanding a mentally disturbed person receives can make the difference between further illness or recovery.

And as you give your understanding to others, learn to understand your own emotional tensions, too. Learn how to keep these tensions from making life unhappy for you, and those around you.

Vets Officer Gives Data On Bonuses

Information on veterans' bonuses paid by other states was passed along today to out-of-state former servicemen in Marin County by W. P. Duhamel, veterans' service officer.

Louisiana has extended its deadline for filing bonus claims for the Korean conflict until Dec. 31, 1959. Louisiana also pays \$250 bonus for Korean service. Applications are available from Korean Bonus Division, room 108, Old State Capitol, Baton Rouge 3, La.

In Montana, bonus for World War II service to veterans who were residents of the state when they entered the service has been re-opened and extended until Dec. 31, 1959. Applications are available from Adjutant General's Office, Box 612, Helena, Mont.

Bond Sales Up

July sales of U.S. Savings bonds in northern California totaled \$10,558,481, 1 per cent above the same month of last year, it was announced today by D. C. Davis, Marin County bond chairman.

Former Convict Faces New Trouble With Law

Former San Quentin inmate George Cody will appear in district court at Denver, Colo., Sept. 4 to answer charges he kidnaped two Denver women July 1.

He has been held in jail on \$10,000 bond since July 15 when he was returned to Colorado from Kansas City, Mo.

Cody was arrested in Kansas City driving a car which had been reported stolen from Mrs. Susan Hindlemann of Denver.

Police said Cody admitted he forced Mrs. Hindlemann and

her mother, Maie Wolff, also Denver, to drive him to the Colorado-Kansas border where he let them out unharmed.

They said he stopped them at a traffic light in East Denver.

Awarded Medal

Maj. Leonard Reiss, former director of civil law and military justice for the Western Air Defense Force at Hamilton AFB, has been awarded the Air Force Commendation Medal it was announced today.
